*See you

Letter from TVE president

I would like to welcome everyone to the 110th Trinity Valley Exposition. It is an honor and privilege to be at the helm of not only an event that has been in existence for 110 years, but TVE is the eighth longest running rodeo in North America and only second in Texas to the "West of the Pecos" Rodeo held annually. But the most rewarding for me is to be a part of the impact

we have on our young people. TVE is the single largest annual monetary event for the youth of Liberty and Chambers County. It's amazing for me to see the small village of folks (board members, committee members and volunteers) that come together to put on this event each year. We cannot forget the 110 years of people that have come before us to start this fair in motion; our hats are definitely off to those fine people.

This year is lining up to be another fun filled TVE with many thrilling surprises. We look forward to seeing each and every one of you that pass through our gates.

Building today's youth for tomorrow's future.

County fair history as told in

The Vindicator

Sept. 17, 1909:

Friday afternoon the Business League will discuss a county fair. Be on hand whether you are a member of the league or just a layman. At the court house at four o'clock.

* * *

To have a county fair at Liberty will require lots of hard work, but who is the good citizen who objects to hard work when they good of his county is at stake?

* * *

Business Men Of Liberty.

The idea of Liberty having a county fair has been so thoroughly discussed and agitated by the local paper and by the citizens generally, that the time has now come when it behooves us, as good citizens, and representatives of the township, to take some action in the matter. Therefore, I, as president of the Liberty Business League, urgently request every member of this organiza-tion to come together, at the court house, this, Friday, afternoon at four o'clock for the discussion and, if possible, arrangement of plans pertaining to the county fair.

It may also be well to again assure the public—people who are not members of the Business League—that they will be welcome at the meeting and that their co-operation is desired.

J. L. Ellis, President.

Clarence Chambers, Secretary.

Oct. 1, 1909:

For A Trades Day.

At the regular meeting of the Liberty Business League, the county fair proposition was again dis-cussed and it was agreed that because of the late hour that idea would be abandoned for the pre-sent. But, it also agreed that Liberty would have a great Trades Day, during the month of Octo-ber.

A Trades Day is a mode of entertainment set by the North Texas towns. It is a day set apart for the meeting and mingling of old friends and the making of new acquaintances. A day on which you can bring to town anything that you

may have and find a ready purchaser, or trader, for same. And lastly to bring the people to this township.

In order to create an interest among the people and attract a crowd of four or five hundred the business league will set aside a the sum of \$50 which will be given as premiums for prize-winning articles exhibited.

At the meeting this afternoon, at four o'clock the business league will arrange the list of premi-ums and other modes of amusement will be planned.

Oct. 8, 1909:

Talk about the County Fair. It's a good subject.

* * *

Liberty is to have a county fair. At a session of the business league Wednesday, the day was set and the notice given. Some sixty dollars will be given in premiums to those who exhibit the best stock and produce. If the fair is a success—and of course it will be—it will be made a permanent annual event, and will, consequently, be of as much good to the Liberty as anything that might be undertaken.

The Vindicator | File photo

Vindicator Editor Clarence Chambers was instrumental to launching the first Liberty County fair in 1909. Myrtle Green was the first fair queen in 1910. The two were married in 1911.

HISTORY

From Page 15

Oct. 22, 1909:

The county fair is the talk of the entire county and the indications are that the crowd will be big and the exhibits will be remarkably good.

* * *

Don't let your business interfere with your coming to the county fair. The date is Saturday, the 30th.

Oct. 29, 1909:

**Col. Sam Park Coming.
The Good Road Builder of Beaumont
Coming to the County Fair.**

Fred Stevens, who went to Beaumont Thursday has just 'phoned the Vindicator that in behalf of the Business League, he had extended an invitation to Col. Sam Park, the president of the Jefferson County Good Roads Association, and an all-around good roads enthusiast, to come to the County Fair and that he had accepted the invitation, not only for himself, but for a party of Jefferson county citizens. Jefferson county feels an interest in Liberty county and the coming of theses gentlemen, to give us encouragement and assistance, will be deeply appreciated.

Nov. 5, 1909:

**First Annual County Fair.
A Pronounced Success
—Both In Attendance and Exhibits.
Collection of Live Stock and Product
Exceeded All Expectations.**

Liberty county's first annual county fair was holden at Liberty court house last Saturday October 30th, and from every view point it was conceded a success. It measured up to the most sanguine expectations. Twelve or fifteen hundred persons were present and the aggregation, or collection, if it suits better, of hogs, colts, poultry, agriculture, canned fruits and vegetables, nuts, art and handiwork was big and exceedingly creditable. A universal interest has been aroused. The county fair has been made permanent and the occasion will be celebrated annually.

The fact that there would be no cash prizes for Liberty people, did not prevent a liberal display of Liberty goods. In the handiwork and art department, the agri-

cultural, stock and poultry exhibits alike the displays were good and created lots of interest and much favorable comment.

The music for the occasion was furnished by Beaumont's Italian Band and the program for the day's festivities was outlined as follows: A drill by the public school children, under the direction of Prof. Stevenson and his assistants, Mrs. Simmons and Mrs. Rayburn. Address of welcome by E. B. Pickett, jr., who, at the conclusion of same, introduced Congressman A. W. Gregg, who talked on agricultural topics. The foot-races followed and Lee Perryman, Slick Young, jr. and Arthur Abel were the winners.

The flower parade came off promptly at 2:30 o'clock, with fifteen buggies highly and elaborately decorated. This was the most pronounced success of any feature of the day, and visitors from Beaumont and Houston stated that a flower parade such as this one, gotten up by the ladies of Liberty, would be a credit to any city in Texas regardless of size.

The judges, Col. Sam Park, R. M. Hollowell of Beaumont and J. B. Sterling of Dayton, awarded the first prize to a buggy occupied by Miss Stella Steusoff and Miss Bessie Partlow; second hon-ors to Mrs. B. M. O'Brien and Mrs. Wilda Neyland, and third honors to Mrs. C. E. Carmichael. The best decorated horse, Miss Lelia Lacour, with second honors to Miss Nita Pickett.

The parade was led by Chas. F. Steusoff and Ray Partlow, on horseback, and came with the band wagon, drawn by six big mules and driven by Bill Chambers, following, then Misses Martha DeBlanc, Jewel Cooper and Mary Perryman; Mrs. Gertrude Cameron; Miss Ina May Perryman; Mrs. I. B. Simmons; Mrs. Chas. W. Fisher; Mrs. Ben O'Brien and Mrs. Wilda Neyland; John Jett and Miss Shell Sharman; Dr. Bowen; Miss Ruby Chambliss; Messes Teresa Chambers and Anne Lee Ellis; Pete Baillio, Miss Hattie Brown, Mrs. Alma Lacour; Mrs. C.E. Carmichael; Mrs. J. L. Ellis and Mrs. Edna Rayburn; Mrs. Abbott Boone and Miss Nannie Partlow; Dan Harrison, Misses Stella Steusoff and Bessie Partlow. Then a crowd of equestrians headed by Misses Nita Pickett and Lelia Lacour. Bab Lacour and Rube Thornton brought up the rear leading a couple of donkeys ridden by Master C. C. Thornton and Little Miss Nita Lacour.

The judges making their reports the following cash prizes were awarded:

Need newspaper for parade float decorations?

The Vindicator has a few years' worth of newspapers that have not yet made it to recycling. Anyone who wants them is welcome to come get them during regular business hours. First come, first loaded down with old newspapers until they are all gone.

You can use newspaper, glue, spray paint, and a lot more patience and dexterity than your editor has to make flowers or other float decorations.

Old newspapers can be used to make costumes, too.

This year's baby parade theme is Hollywood. Surely, someone out there needs newspapers for top hats and ball gowns. Anyone doing "The Wizard of Oz"? How about a shredded newspaper mane for your cowardly lion?
