OPINIONS

SNARKY McSNIDE SAYS,

The Russia-Ukraine Comic Opera

Putin is having trouble getting people to attend. He is offering discount tickets for seniors above 40 years of age and bad actors are also getting second chances to redeem themselves. Vladimir is rumored to have hired a new stage manager. In rehearsals for the real thing in Ukraine, the venue is a town east of Moscow. Locals there have been complaining on the internet that some of his future stars to be are drunk in the streets at 11: AM. Instead of a bravo performance with several curtain calls at the main event, Putin is afraid it will just be curtains for the show after all.*

Senator Marco Rubio was campaigning with Governor DeSantis out in Geneva

last week. Meanwhile, a short time before, his opponent, Val Demings, was in nearby Mims, asking if anybody had seen her gun.

Trump backs flawed candidates such as Dr. Oz, Herschel, and that Vance guy in Ohio plus what's his name in Arizona. Not a good strategy for taking over control of the Senate.

DeSantis, on the other hand, has dived into local politics, supporting candidates for school boards. So far, this strategy has been more effective in promoting real Republican values.

**For those of you out in Pennichaw or Tuscanoooga, try reading this again several times, then maybe you will understand it.*

Field Notes: The Summer Burn Of '22

By Jamie Stiehm

The scorching summer of '22 may be one we never forget, as a turning point in the wheels of weather and politics.

As August closes, the cicadas still sing, but they won't for long. Black-eyed Susan flowers have just their black eyes left. Summer's lease is almost over.

And this country has changed, sobered since the

pandemic hit.

First, we lost reproductive rights in late June.

Between floods in the South, drought in New England, wildfires in the West and hurricane season on the way, climate change is hitting home. Literally.

Or, should I say, climate crisis.

Lake Powell running dry is a water crisis for seven states. An awakening that Mother Nature is fragile -- and angry

-- is at hand. The wisdom of building cities in the desert around the automobile was flawed.

In August, Congress took serious action on climate for the very first time. Or should I say, Democrats in Congress acted to cut carbon emissions in the Inflation Reduction Act. The Senate passed the legislation 51-50 with zero Republican votes. Fie!

Special Delivery: Two 911 Dispatchers Honored for Helping Deliver Baby Boys

Photos contributed

The Seminole County Fire Department recently welcomed two Emergency Communications Dispatchers to its Stork Club. On two separate days in June, Dispatcher Brittini Schmeiser (on 6/6/22) and Dispatcher Samantha Allen (on 6/20/22) both assisted in the deliveries of baby boys before Firefighters/Paramedics arrived on scene. Some dispatchers work their entire career without experiencing this type of 911 call. Brittini and Sam have both been on the job less than six months. Great job and congratulations on joining the Club.

The Seminole County Fire Department is currently hiring Emergency Communications Dispatchers. If you are interested and would like more information on this exciting career, please join us for our applicant information session on Thursday, September 1, 2022. When entering KensCoins, one can be greeted by a cardboard cutout of Jen Paulucci immediately notifying customers that they are about to travel back in time and take a trip through history's neatest items.

This charming antique shop is not like the ones that only sell, as owner Ken Dittmann describes, "old lady type antiques."

Instead, KensCoins is stocked from wall to wall with products that keep up with the times while still holding on to their retro roots.

"I try to keep up with the times... We have a younger crowd, and we have a more educated crowd that are looking for investments, that are looking for older things, not reproductions," Dittmann explained.

It all started with a coin collection. When Dittmann was a kid, he became interested in coins and began collecting them as he came across them.

Later on, he bought a home on Oak Avenue just an hour after it was put up for sale and began building his business from the ground up. Dittmann has been running KensCoins in Sanford since 2002 but entered the business way before then when he became a coin dealer 40 years ago.

Now, he has grown up from his coin collecting days. KensCoins sells everything from jewelry to vinyl records and of course, collectible coins.

The coins available at KensCoins include gold coins, silver coins, and hobo nickels. There is no better place for avid collectors to build their collection.

Not a collector and just looking to buy cool stuff? KensCoins has you covered! With their wide variety of items, there is nothing that cannot be found at KensCoins.

"Even though they're antiques, they're more interesting collectables and oddities and small items," Dittmann said.

Customers can also browse KensCoins' display of golf carts or get their own golf cart repaired and upgraded. After being swindled into paying too much for his own golf cart, he decided to sell them at his store, the right way.

His business is all about honesty and fairness as he lives by Mark Twain's motto "if you tell the truth, you don't have to remember anything." Unlike pawn shops, Dittmann ensures that customers who bring in items to sell are the actual owners of the items.

The process is simple. Bring in your antique items to KensCoins, Dittmann will buy it from you, and he'll sell it in his store. Customers can also get free appraisals if they follow Dittmann's number one rule, call first.

Beyond fancy antiques and collectables, KensCoins does estate liquidations. His company even helped out the famous Jen Paulucci with his estate, hence the smiling Paulucci cutout centered at the front of the store to show off another happy customer.

When paying a visit to KensCoins, just look for the golf carts on Park Avenue.

Gift Recipient shares how Local Families are making a Life-Changing Impact with Operation Christmas Child Shoebox Gifts

Operation Christmas Child, a project of international Christian relief organization Samaritan's Purse, delivers gift-filled shoeboxes to millions of children in need each year. For years, Sanford families have packed shoebox gifts for boys and girls around the world. One of these gifts reached Mariya Tatarin in Ukraine when she was a young girl. Tatarin is now visiting Florida residents to share how the simple gift had a life-changing impact.

Tatarin will be telling her story to local groups and churches. She wants to encourage residents as they kick off the upcoming collection season to fill more than 49,599 shoeboxes with fun toys, school supplies and hygiene items—contributing to the global goal of reaching 11 million children in Jesus' Name.

Mariya Tatarin was born in Ukraine and raised by Christian parents. When the Soviet Union fell, Ukraine was in dire financial instability. Even though her parents worked very hard, they rarely got paid. The family of eight lived in a one-room apartment with only the bare necessities.

In 2002, Tatarin received an Operation Christmas Child shoebox gift. Tatarin's favorite items were colored pencils, markers and crayons, which fueled her creativity and her enthusiasm for art. The gift strengthened her faith and trust in God because when her family least expected it, the gift came to them filled with items that they needed. It was a tangible experience of watching God care and

provide for His children.

Tatarin and her family moved to the United States when she was 12 years old. Three years later, her youth leader brought empty Operation Christmas Child shoeboxes for her youth group to pack. She recognized the box and has been packing shoeboxes since.

During Operation Christmas Child's National Collection Week Nov. 14 – 21, Sanford residents can bring gift-filled shoeboxes to multiple drop-off locations across Florida to be announced in late October.

For more information, call 407-273-6112, or visit samaritanspurse.org/occ. Participants can donate \$10 per shoebox gift online through "Follow Your Box" and receive a tracking label to discover its destination. Those who prefer the convenience of online shopping can browse samaritanspurse.org/buildonline to select gifts matched to a child's specific age and gender, then finish packing the virtual shoebox by adding a photo and personal note of encouragement. Boxes built online go to hard-to-reach countries.

Operation Christmas Child, a project of Samaritan's Purse, seeks to demonstrate God's love in a tangible way to children in need around the world and, together with the local church worldwide, to share the Good News of Jesus Christ. Since 1993, Operation Christmas Child has collected and delivered more than 198 million gift-filled shoeboxes to children in more than 170 countries and territories. This year, Operation Christmas Child will collect its 200-millionth shoebox!

All aboard! Something exciting is coming down the tracks at the Central Florida Zoo & Botanical Gardens

Special to the Herald

The Zoo announced today that it has a new train, and that attraction will open in Fall 2022. The community mainstay is currently working to make updates and improvements to the tracks and crossings and is working with state and other independent inspectors for approvals on the attraction.

"The upcoming launch of our new train is one of the biggest announcements I have the honor of making this year," said Richard E. Glover, Jr., the Zoo's CEO. "Our train was always a favorite for kids and adults alike, and we're excited to bring a new train for the community to enjoy."

The streamliner carries guests on a loop around the Zoo's property, through some natural Florida landscapes, across realistic railroad crossings and into the train depot near the Zoo's entrance. The Zoo's train, called The Champion, was built last year and is a one-quarter scale model of its namesake, an Atlantic Coast Line Railroad streamliner that started providing daily service from New York to Miami in 1939.

Glover said the Zoo is able to offer the new train attraction to the public thanks to support from several outstanding sponsors, including Wharton-Smith Inc. and VyStar Credit Union.

"We could not be more thankful for their support," Glover said. "We couldn't have made this happen without them."

More details about the train, including an opening date, pricing and ticketing information, will be available soon.

US asks farmers: Can you plant 2 crops instead of 1?

By SCOTT McFETRIDGE
Associated Press

DES MOINES, Iowa (AP) — There is only so much farmland in the United States, so when Russia's invasion of Ukraine last spring prompted worries that people would go hungry as wheat remained stuck in blockaded ports, there was little U.S. farmers could do to meet the new demand.

But that may be changing.

Earlier this summer, the U.S.

Department of Agriculture instituted new policies to encourage American farmers to begin growing two crops on one piece of land, one after the other, a practice known as double-cropping. By changing insurance rules to lessen the risk of growing two crops, the USDA hopes to significantly increase the amount of wheat that U.S. farmers could grow every year, lessening the reliance on big wheat producers like Ukraine and Russia and eliminating bottlenecks.

The idea is an intriguing development from the Ukraine war that hasn't received widespread attention. As fall approaches, it's unclear how many farmers will actually try the new system, but some who already grow two crops say it's something farmers should consider.

"I think it's a great idea," said Illinois farmer Jeff O'Connor, who has double-cropped for years and hosted President Joe Biden at an event in May to promote efforts to increase food production. "How successful it will be, I don't know."

Even if the effort is only moderately successful, agriculture groups are hoping for new ways of meeting a growing global demand for food while generating more profit for farmers amid high fertilizer and fuel costs. As Andrew Larson with the Illinois Soybean Association put it, "It removes some of the hurdles and provides a lot more flexibility."

In 2020, the U.S. exported wheat valued at \$6.3 billion. The U.S. along with Russia, Australia and Canada usually lead the world in wheat exports, with Ukraine typically ranked fifth, though its shipments will drop this year due to the war.

Double-cropping isn't new in parts of the South and southern Midwest, which have the key advantage of longer growing seasons. Those warmer temperatures let farmers squeeze in a fall planting of one crop — usually winter wheat — that is dormant over the winter and then grows and can be harvested in late spring, just as farmers plant a second crop — typically soybeans.

The problem comes when cool weather delays the spring harvest of wheat, which in turn delays the planting of soybeans. And that's where the USDA's new effort could ease the risk of a costly planting backup.

The USDA's Risk Management Agency would streamline crop insurance approvals for farmers planting a second crop in more than 1,500 counties where double-cropping seems viable. The agency also would work with crop insurers and

farm groups to promote a greater availability of coverage in other counties.

In announcing its effort, the USDA said it was aiming to "stabilize food prices and feed Americans and the world amidst continuing challenges such as the COVID-19 pandemic, supply chain disruptions, and the invasion of Ukraine by Russia."

The USDA didn't mention climate change, but the agency and other experts have long said warming temperatures will spur farmers to rethink what they grow and how.

The new program is focused more on the Russian invasion of Ukraine, which is a leading supplier of wheat to people in Africa and the Middle East. After the invasion, wheat prices nearly doubled to over \$12 a bushel, though since then prices have steadily dropped as supply concerns have eased, in part because of agreements that have allowed for the export of some Ukraine wheat.

The USDA didn't respond to a request for details about how many farmers the agency hopes will begin double-cropping or how much U.S. production could increase.

Farmers who double-crop often have smaller crops, but two smaller crops would still be significantly larger than an individual crop.

A study published in August by the University of Illinois and Ohio State University found that was certainly the case this year, as high wheat prices resulted in double-cropped land in southern Illinois bringing a projected \$251 per acre return for wheat and soybeans, which is \$81 higher than a stand-alone soybean crop. The double-crop benefit was less dramatic in other parts of the state and could be less if wheat prices drop.

Mark Lehenbauer, who raises livestock and grows row crops near Palmyra, Missouri, said he's double-cropped for years and finds it reliably profitable. Still, he cautions that there is a years-long learning curve as farmers learn how to accomplish the task of planting one crop just as they need to harvest another.

And Lehenbauer acknowledged that many farmers may simply be reluctant to take on the added risks or extra workload. "There are a lot of extra steps in there," Lehenbauer said. "It adds some complexity."

Ultimately, the biggest factor behind whether farmers begin growing an extra crop of wheat is what price they can get for the crop, said Pat Westhoff, director of the Food and Agricultural Policy Research Institute at the University of Missouri. Although prices have dropped from the peaks soon after Russia's invasion of Ukraine, they remain at the still profitable level of nearly \$8 a bushel.

"It really comes down to where wheat prices go in the future," he said. "Even with the drop in prices we've seen, wheat prices are pretty high so there should be a little more incentive for wheat double cropping in this next year than there has been."

Each student joined a design team, fulfilled a team role, managed a budget, and developed communication and outreach strategies. The Minority University Research and Education Program (MUREP) funds NASA Community College Aerospace Scholars. MUREP commits to engaging underrepresented and underserved students in science, technology, engineering and mathematics (STEM) with authentic learning experiences to sustain a diverse workforce. With this activity, NASA continues the tradition of engaging the nation in its mission of human exploration and sustainable expansion

"NCAS inspires community college students to advance in STEM fields, and it also opens doors for future careers at NASA. NCAS alumni can often move on to NASA internships and possibly ultimately enter the NASA workforce. It is rewarding to see the progression of a student from NCAS participant to NASA colleague," said Torry Johnson, MUREP manager.

"I came into Seminole State not knowing where a path to gaining a degree would lead me, and I am proud to say that Seminole State College has now led me to my dreams," said Calderon, who is pursuing an Associate in Arts (A.A.) degree with a focus in aerospace engineering. I am very thankful for my professors for inspiring me and driving my ambitions.

"This has been an excellent experience overall," noted McManus, who is studying mechanical engineering as part of his A.A. degree. "Not only did my mission team win the top prize in the Artemis category, I gained valuable connections with NASA employees for one-on-one mentorship and resume review opportunities."

UCF MEN'S SOCCER

The UCF men's soccer team earned a tally in the win column in its home opener over North Florida on Monday night, with an electric second half putting the Knights on top, 2-1.

After a scoreless first 45 minutes, North Florida started the second half fast with a goal by Angus Taylor on a breakaway in the 54th minute. The unassisted goal opened the scoring for the match and was the first Osprey goal of the 2022 season.

Not long after, UCF responded with a goal of their own scored by Maël Haise in the 64th minute. Gino Vivi looped a corner into the box which found its way to Haise, who headed it in past Osprey goalkeeper Padraic Gilley to even the score back up at one apiece.

The Knights kept up the momentum, scoring once again less than 10 minutes later. A UCF defender put the ball back into the UNF end from mid-field and Mauricio Villalobos Vega was able to steal the ball away from an Osprey defender and put the ball in the back of the net in the 73rd minute. The captain's unassisted goal gave the Knights the 2-1 lead which wound up being the final score.

Luke Rucker (top) got his senior season started with flying colors, completing 10 of 13 passes for 178 yards and two touchdowns, one to Michael Key (above, left), who also ran for a touchdown, as Seminole whitewashed Sarasota-Riverview, 48-0, and Oviedo standout D.J. Scott (No. 6, above, right) ran for 176 yards and scored three second half touchdowns as the Lions rallied from a 21-6 deficit to defeat Lake Brantley, 26-21.

Big schools claim six victories on Opening Night

By Dean Smith
Herald Staff

While it was not the best opening night, and that's not even considering that every game was delayed because of inclement weather, Seminole County still posted a winning record at 6-5, with six members of the Seminole Athletic Conference posting victories.

In fact, only one big school lost to a non-Seminole school as Lake Brantley fell to host Oviedo, in the only matchup of local programs.

Here is a recap of the opening week's action:

Seminole 48, Riverview 0

A one-hour lightning delay was the only thing that could slow down host Seminole (1-0) on opening night as the Fighting Seminoles dominated in every aspect of the game, whitewashing highly-regarded Sarasota-Riverview, 48-0, in a game where most of the second half was played with a running clock.

Eight different players scored for the Tribe, ranked No. 1 in the state in the FloridaHSfootball preseason 4M (Metro) rankings, getting points on the ground, through the air, on defense and on special teams.

FAU commit Luke Rucker was 10-for-13 passing for 179-yards and two touchdowns as six different receivers had receptions.

Michael Key led all receivers with four catches for 64-yards, including a 21-yard touchdown, and the junior also ran for a touchdown, while Deon Butler had the other touchdown reception of 45-yards.

Scoring rushing touchdowns were Rory Thomas and James Irwin, as nine different Tribesmen carried the ball in the game.

For the defense, which held the visiting Rams to 13 yards in the first half and 90-yards for the game, Tristan Hunter returned an interception 74-yards for a touchdown.

The Special Teams also got in on the action with a blocked punt through the end zone for a safety, Justin Rosado returning a punt 38 yards for a touchdown and Jordyn Perkins catching a 2-point conversion pass.

Lake Mary 13, Dr. Phillips 7

Lake Mary posted a monster road win on opening night, knocking off perennial power Dr. Phillips, 13-7, at Bill Spoon Stadium in Orlando.

Led by its defense and the running of Manquez Lang, the visitors dominated the majority of the game, taking a 3-0 lead at halftime on a short field goal from Garrett Law and then getting a touchdown run from Lang, who carried the ball 21 times in the game for 139-yards, to give the Rams a 13-0 lead in the third quarter before the host Panthers scored late touchdown.

Oviedo 26, Lake Brantley 21

In a game that was quite literally a tale of two halves, host Oviedo got itself up off the mat to rally in the second half behind star runner D.J. Scott for a 26-21 victory over

rival Lake Brantley at John Courier Field.

The visiting Patriots looked to well on their way to victory as quarterback Braxton Woodson, a Navy commit who threw for 76-yards and ran for noter 98-yards, broke free for a 92-yard touchdown run and later found Parker Perales for a 43-yard scoring pass around a 45-yard touchdown pass for the host Lions from Jackson Latour, who threw for 205-yards in the game, to Marquet Williams, who finished with 4-receptions for 153-yards.

The guests then took a 21-6 right before the halftime break on a touchdown run by Perales. But the Oviedo defense made the right adjustments at halftime and held the potent Lake Brantley triple-option to three straight 3-and-outs, giving the Lions the opportunity to snatch the momentum and roll to the victory.

Scott (22-carries, 206-yards), who ran for over 1,000-yards last year, was the one to make it happen, recovering from a 30-yard first half, to run for 176-yards and three touchdowns in the second half.

Hagerty 28, Orange City-University 7

Host Hagerty High used a strong defensive effort with a big scoring third quarter to post a 28-7 victory over Orange City-University at Sam Momey Stadium.

Sophomore running back Anthony White scored from 4-yards out and Erwin Eberhardt added the PAT to give the hosts a 7-0 lead with 5:30 remaining in the first quarter.

The score was still 7-0 at intermission, but the Huskies put some distance between them and the Titans as Chance Bennett kickstarted a big third quarter by returning the second half kickoff 90-yards to make the score 14-0.

That would be the first of three scores for the hosts in the third stanza as White would score his second touchdown of the game on a 32-yard scoring scamper and record-setting quarterback Anthony Benzija got in ohs the scoring act by tossing a 12-yard scoring strike to Ian Miller and it was 28-0 heading into the final 12-minutes.

Lake Howell 21, Cocoa-Space Coast 6

Host Lake Howell forced four fumbles in the first half _ one each from Jason Cintron, Lynwood Kornegay III, Danny Izquierdo Jr. and Jayden Velazquez _ and Jeremy Villafane added a touchdown and an interception to go along with two touchdown runs from David Izquierdo, including a 28-yard romp over and through the Space Coast defense that gave the Silver Hawks a 14-6 lead, on the way to a 21-6 victory at Richard L. Evans Field.

Lyman 15, Evans 14

Visiting Lyman gave the SAC two big road wins on opening night as Lyman traveled to Pine Hills and held off host Evans, 15-14.

Big week on the water

Special to the Herald

SANFORD — It was a busy week on Lake Monroe for the LMSA as the club hosted a pair of races.

This week's (August 24) Malibu Black Rum Race had 15 boats cross the start line with an international mix of sailors from

Gen 4, Bad JuJu claim victories

five different countries, including

Photos courtesy of LMSA

Here are the winners from the August 24 Malibu Rum Race (top) and the monthly Jameson Whiskey Race (above).

UCF's sailing club and the regular group of LMSA competitors, being met with storm free sailing in light to moderate breeze.

Fisk Hayden continues his domination on Wednesday's with his all Angel crew as Gen 4 took the top podium spot overall and first in displacement boat again!

Second overall and first in planing boat was Jim White's boat, Bad JuJu, with a UCF sailor _ TJ O'Brien _ at the helm.

Ray Laguna was back with a Capi 22 _ still named Mr Hyde _ and claimed third place overall and second in displacement boat.

It will be interesting to watch Ray and Fisk battle it out on Capri's. Will Mr. Hyde build his own crew of Angels? Time will tell but the ladies sure appear to be Fisk's secret weapon.

In the multi-hull division, Alan Moore was also back with his Corsair 28R (Knot Yet) and wins a sticker by default being the only multi-hull sailing. Nice sailing Alan against a fierce fleet of multi's! Seriously, where's all the go fast boats?

Personally, it is known of one that's being prepared for a big adventure, stay tuned!

Good times were had by all at Henry's Depot where this week's Malibu Black Rum drawing went to _ Kelly Walden! Two weeks in a row Kelly, nice!

The LMSA monthly Members Meeting was held on Sunday, but if you are not a member, it's still not too late to join for the remainder of the year, we still have a lot of benefits to offer members. Exclusive rights to LMSA merchandise, our after Christmas party, awesome sailing in our Club Races, a great group of sailors to learn from and sail with.

First time membership is only \$80. See LMSA, Page 8

the 89th minute to decide that match by the very same scoreline.

The victory served as the Lions' third in a row, marking the first three-game win streak for the side since a nine-point week from June 19-25 a year ago. It also marked their first regulation victory at Exploria Stadium over their 2015 expansion rivals since March 2, 2017, the inaugural match at the side's privately-funded downtown fortress.

Scoring Recap:

* 7' - Júnior Urso (Facundo Torres) - ORL 1, NYC 0 _ The Lions took the lead with Júnior Urso finding Facundo Torres at the edge of the area, who took a touch before giving the ball right back to "The Bear". Urso took one touch of his own before hitting a right-footed shot on the half volley straight into the top-left corner of the net.

* 53' - Maxi Moralez (Thiago) - ORL 1, NYC 1 _ The visitors leveled shortly after the break, with Thiago sending a ball through for Maxi Moralez in behind the Lions defense, able to cut it first time straight inside the far post.

* 90+6' - Tesho Akindele (Iván Angulo) - ORL 2, NYC 1 _ Orlando found the winner late in second-half stoppage time after Iván Angulo whipped in a corner to the near post that found the head of Tesho Akindele, who was able to flick it to the far post past New York City goalkeeper Sean Johnson.

UCF WOMEN'S SOCCER

The No. 23 UCF women's soccer team came from behind with a 3-1 win over FGCU on Sunday at the UCF Soccer Complex.

The Knights seemingly began the match from behind, after an FGCU goal from Louise Lillback, assisted by Libby Helverson, in the second minute.

Following the early Eagles goal, the Knights put sustained pressure on FGCU's backline, and that pressure was rewarded in the 20th minute. Darya Rajae played a gorgeous overhead pass to Kristen Scott, who then spun her defender and put the ball past the keeper, leveling the game at one.

Just over 10 minutes into the second half, Rajae found Ellie Moreno outside the box, she then played a perfect through ball into Mallory Olsson who took it first time and slotted the ball into the near post.

Seconds following Olsson's go-ahead goal, a lightning delay sent both teams back to the locker room with the Knights up 2-1 in the 58th minute.

As the match resumed following the hour delay, Scott found the back for the second time in the 61st minute.

After a Knights throw-in, Kelis Barton found Scott running across the box, who took it with her left foot, beating the keeper once again.

Caroline DeLisle had three saves

including two highlight reel saves on the day, the second coming just after Scott's third goal of the season, which kept the lead at two. The Knights backline held off a late Eagles surge, securing the 3-1 victory.

Next Up:

The Knights hit the road for a game against North Florida on Thursday at 7 p.m. in Jacksonville. The Black and Gold then return home for a matchup against Ole Miss on Sunday night at 6 p.m. at the UCF Soccer Complex.

STETSON WOMEN'S SOCCER

The Stetson women's soccer team (0-2-0) went on the road for the first time to face Mercer on Sunday and fell to the Bears, 4-1.

The Hatters' lone goal came early in the second half from Evie Wysong on an assist from Alexis Smith.

The women return home on Thursday to host UTSA (Texas-San Antonio) at 7 p.m.

STETSON VOLLEYBALL

The Stetson volleyball team left little doubt about the title at the season-opening Battle in the Boro on Saturday. After sweeping host Georgia Southern in Friday's match, the Hatters cruised to consecutive 3-0 victories over USC Upstate and Alcorn State on Saturday to lay claim to the title. It is the first 3-0 start to a season for the Hatters since 2018.

An All-Tournament team for the Bash in the Boro was named after

the final match with Elena Djokovic earning MVP honors. She was joined on the All-Tournament team by Nyah Molina and Anabelle Standish.

The Hatters will return to action this weekend in the Paradise Classic, the second of their four consecutive weekend tournaments. Stetson will open that event, hosted by Florida Atlantic, on Friday at 10 a.m. against the same Alcorn State squad before facing Arkansas-Pine Bluff on Friday afternoon. The Hatters will then face host FAU on Saturday at noon.

ORLANDO PRIDE

Orlando Pride (5-6-6, 21 points) lost a 2-1 heartbreaker on Friday night to OL Reign (7-4-6, 27 points) at Exploria Stadium. The loss snaps a seven consecutive unbeaten streak, which finishes tied for the second longest in Club history.

Scoring Recap:

* 37' - Meggie Dougherty Howard - ORL 1, RGN 0 _ The Pride opened the scoring after Meggie Dougherty Howard picked off a Reign pass deep in the final third and fired a shot at goal. A Reign defender slid in to attempt to block the shot, but the ball took a deflection and left the goalkeeper no chance to save it.

* 54' - Bethany Balcer (Megan Rapinoe) - RGN 1, ORL 1 _ The visitors leveled the match when forward Megan Rapinoe sent in a cross from the left flank that found the head of Bethany Balcer who snuck it into the bottom corner of the goal.

* 90+2' - Megan Rapinoe (Sofia Huerta) - RGN 2, ORL 1 _ OL Reign found the match winner when defender Sofia Huerta floated a ball into the back post to a springing Megan Rapinoe who was able to do just enough to get the ball over the line for the late lead.

Next Match:

Opening lead — queen of clubs.

The most remarkable part of Sylvia's game was her uncanny ability to distort the most elementary principles of play and twist them to her own advantage, much to the discomfiture of her opponents.

Take the defender's rule of second-hand low, for example. In the actual deal, if a low spade were led from dummy, the normal thing for East to do would be to play low. This type of play is so commonplace that it would not be mentioned here except that Sylvia one day carried the principle a step further.

She was declarer in five diamonds,

This is Sylvia

and when West led the queen of clubs, Sylvia played the three from dummy! This play might astound some readers, but to Sylvia it was automatic. Hadn't she been taught to play second-hand low? No one had bothered to tell Sylvia that the rule applied to defensive play and not to declarer's.

West was so delighted with the success of his opening lead that he continued with the jack. Sylvia, by this time seeing no sense in following a rule that she didn't understand in the first place, took the jack with the king.

With a losing heart and two losing spades still in her hand, and facing an apparently hopeless assignment, she decided to grab whatever tricks she could. So she ruffed one of dummy's low clubs, then played the ace of diamonds and another diamond to the king.

In dummy for the last time, she cashed the ace of clubs, discarding a heart, and next led dummy's last club, discarding a spade. Much to Sylvia's amazement, this last club somehow or other held the trick. She thereupon conceded a spade and so made five diamonds.

Subsequent analysis showed that the only way to make the contract was to duck the opening lead! A little knowledge — albeit misapplied — can, it seems, do wondrous things.

ness." The strong singer moved among audience members who sang along. Audience reaction was measured at 123 decibels inside the building. That score plus winning scores from the judges won the night for Williams with just three-tenths of a point lead over the nearest contestant. The night was full of particularly strong voices, all singers who have performed in the area. Williams moves on to the December Showtime in Sanford event that will crown a winner for the season and earn someone

\$1,000 cash. Born and raised in Sanford, Williams went to Seminole High School. He said he has been performing practically his whole life. "I had to get the women going with 'Bad Mama Jama,' then everyone loves Al Green," Williams said of his winning performance. Making the night extra special was the performance of the Vision Band, a local group that backed the performers all night. Williams said he had sung with the group when he first started live performing. "It felt like yesterday," he said, adding that he really loved playing with the band. "I love people, and I want them to love me too." The band consisted of Dante Jones on drums, David Peterson on keyboards and

Faith Nathan on bass guitar. The evening was a special edition of Showtime because it was sponsored by Joseph, who approached the Surrealist Entertainment team to sponsor something he supports. He praised the Showtime events for their showcasing of the local talent and the diversity of the Sanford and Seminole County communities. "I wish we could do this every day," Joseph told the audience before the winner was announced. The Haitian immigrant, who served in the military, added, "This is what America should look like." He called the events the safest place for youth and families to spend a couple of hours supporting local performing artists. That night, Joseph ended up losing his

bid for Florida House District 36 to Deborah Poulalion, who will run in November against Republican candidate Rachel Plakon, wife of current Rep. Scott Plakon, who has to step down due to term limits. Surrealist Entertainment leader Laurence Gordon, aka Calico the Surrealist, thanked Joseph for sponsoring the event. "You are a true example of class and integrity," Calico said on the Showtime Facebook post. He said the contestants and the live band made the night an event for the record books. The next Showtime in Sanford will take place in its normal time on the third Thursday of the Month. The show starts at 8 p.m. Performers and audience members can check out the details on the Showtime in Sanford Facebook page.

Steffon Williams won the Aug. 23 special edition of Showtime In Sanford. He performed Al Green's "Happiness and Love."

President Joe Biden signed the monumental bill into law, a boost to his political fortunes. That's "luck of the Irish" for the president, who could not press Congress to pass a similar bill last summer. Actually, Senate Majority Leader Chuck Schumer, D-N.Y., deserves credit for the deal. Biden had COVID-19 at the time. Schumer met with Sen. Joe Manchin, D-W. Va., in secret to bring his entire caucus of 50 Democrats together. So thrilled were they to break through the climate wall that Democrats shared the spoils of vic-

tory. Sagging in approval ratings, Biden needed a big win this summer. Just like he needed a bare majority to hold onto the Senate. Just like he needed to win the South Carolina primary in 2020 to stay in the race. Remember? Biden came back from behind, again and again, the winds blowing his way. Now Democrats have a landmark to write home about for the fall midterms. Pundits predicted the election would be a Republican sweep. Now they're not so sure. Even shrewd Mitch McConnell, Senate Republican Leader, R-Ky., agrees with me that the Senate will likely remain blue. With strong candidates like Rep. Tim Ryan and Lt. Gov. John

Fetterman in Ohio and Pennsylvania, running against J.D. Vance and Dr. Mehmet Oz, Democrats could pick up open seats. Vance and Oz are weak; they've never faced voters before. There's an art to campaigning and connecting with commoners at the state fair. It helps to be likable, but the celebrity author and doctor come across as spoiled elites. Republican Sens. Ron Johnson of Wisconsin and Marco Rubio of Florida are vulnerable, with strong challengers in Lt. Gov. Mandela Barnes and Rep. Val Demings. A former police chief, Demings starred on the House team of impeachment managers the first time former President Donald Trump was on trial in the Senate.

Oh, yeah -- the criminally insane gale-force human hurricane. Inescapably, the 45th president can't leave us in peace. There's no end in sight to his dirty deeds after the latest: The FBI searched his Florida mansion for classified state secrets he stole from the White House. This summer revealed ugly truths about Trump and the tens of thousands who came to town for a Capitol coup. Trump's plot seared into the public mind more deeply during the Jan. 6 committee hearings in June and July. Witness after witness told of his goading a murderous mob on a day Congress was captive in the Capitol -- hunting to hang Vice President Mike Pence. Congress met to certify Biden's

victory, as the Constitution requires. Within moments of the mob's break-in, crossing police, hundreds were under siege, huddled in the House chamber. Under siege in the "People's House." Americans have never seen what we have seen in events leading up to the unforgettable summer of '22. Going into fall, may Biden's luck of the Irish calm our nation's burn -- in nature and politics.
