Help sought in catching robbers

Armed men rob Caldwell, Somerville stores

Caldwell and Somerville police are asking for the public's help in apprehending three men who robbed the Sunny Food Mart in Somerville and Cat's Pitt Stop in Caldwell on Monday, Sept. 28.

Caldwell Police Chief Charles Barnes and Somerville Interim Chief Otto Arnim said

on Tuesday, Oct. 6, that no arrests had been made, and the cases remained under investigation. Surveillance videos from both stores were released to area media in hopes that local residents could identify the robbers.

In addition to still photos from the sur-

THE THREE ROBBERS are pictured in the Somerville store.

Myers dies in traffic accident

Burleson County residents were saddened to learn of the death of Michael Myers, a long-time teacher-coach in Somerville and county 4-H shooting sports leader, in a traffic accident late Monday, Oct. 5, on State Highway 36 north of Brenham.

Michael David Myers, 51, of Caldwell was pronounced dead at the scene of the accident by Washington County Pct. 1 Justice of the Peace Doug Zweiner, said Washington County DPS Sgt. Aleese Wil-

son.

Wilson said Zweiner ordered an autopsy.

The accident occurred at 5:03 p.m. when Myers, northbound in a 2015 Chevrolet Equinox SUV in the outside lane of State Highway 36 near Affleck Road, collided with the back of a northbound Volvo truck tractor-trailer rig driven by Phillip Harness, 55, of Quinlan, Sgt. Wilson said.

Wilson said the accident occurred six miles north of Brenham as

COLORFUL DISPLAYS like these can be enjoyed at the courthouse square in Caldwell.

Early voting to begin

Early voting for the Tuesday, Nov. 3, general election begins Tuesday, Oct. 13, and continues through Friday, Oct. 30.

Candidates for national, state and Burleson County races will be running, along with candidates for Caldwell and Somerville's city councils and school boards.

City and school elections are normally held in May but were consolidated with the regular November election due See ELECTION, page 2A

CALDWELL'S WESTYN HUGHES qualified for the National Finals Rodeo which will be in Arlington in December. This is his first NFR and a fulfillment of a lifelong dream. See story on the Sports Page.

SISD ends remote learning choice

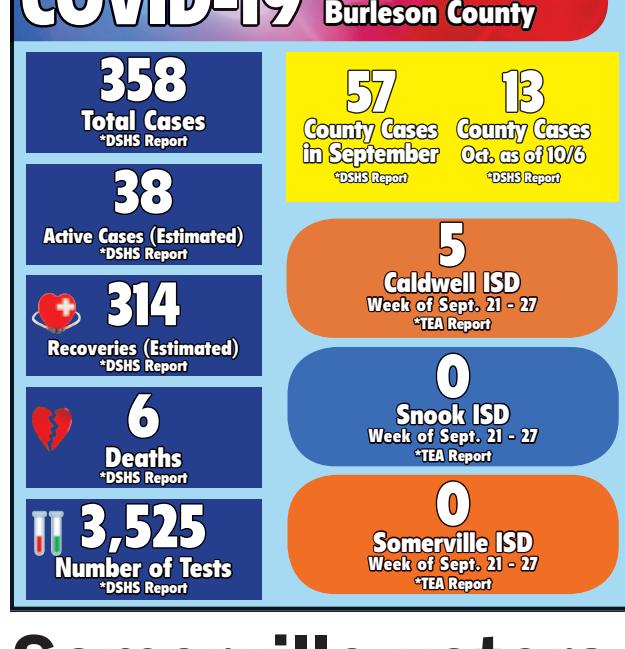

On Tuesday, Oct. 13, all Somerville ISD students be back to on-campus learning.

However, Somerville ISD Superintendent Karla Sparks said the exception for remote learning would be for those students who test positive for COVID-19, have been exposed to COVID-19 or are sick and awaiting COVID-19 test results.

This was part of the district's asynchronous instructional plan the school board approved during a Sept. 30 special meeting.

Synchronous learning is online education that

Boys, girls club has ribbon cutting

Boys and Girls Club-Caldwell Unit staff and the Burleson County Chamber of Commerce gathered on Tuesday, Oct. 6, to cut a ribbon at the renovated facility.

The club reopened with the start of school on Monday, Aug. 31, following COVID-19 mandated closures and construction completion.

Staff worked hard to implement a comprehensive plan to re- See CLUB, page 3A

Somerville voters to decide on bond

\$1.5 million for streets, drainage, sewer work

Voters in the City of Somerville will decide in the Nov. 3 general election on a \$1.5 million bond election for street, drainage and sewer improvements.

The city council called for the election in February, and it was originally scheduled for May 2. However, all city elections were postponed to Nov. 3 and consolidated with all other general election races due to COVID-19 issues.

The election will in-

clude two propositions.

One would not exceed \$400,000 to improve, repair and construct water lines and to improve, repair and reconstruct the city's sewer system.

The second, not to exceed \$1.1 million, would be to improve, repair,

reconstruct and resurface existing streets.

If both are approved by the voters, the city would issue up to \$1.5 million in general obligation bonds for the project.

The proposed project will include rehabilita-

See BOND, page 14A

City OKs seeking EDA grant funds

The Caldwell City Council has approved seeking a \$975,000 CARES Act grant funding through the Economic Development Administration (EDA) for infrastructure improvements in the Burleson County

Industrial Park area.

The council unanimously approved the application at a special Tuesday, Sept. 29, meeting. Council member Nancy Bryan Stewart was absent.

The rural grants are

ELECTION

FROM PAGE ONE

to the COVID-19 situation.

In addition, Somerville voters will cast ballots for a \$1.5 million bond issue for street and drainage improvements. See related story for more details on page one.

Early voting in person will be conducted at the Burleson County Courthouse.

The hours will be from 8 a.m. to 5 p.m. for Tuesday, Oct. 13, through Friday, Oct. 16, and from Monday, Oct. 19, through Friday, Oct. 23.

Saturday, Oct. 24, early voting will be from 7 a.m. to 7 p.m. Sunday, Oct. 25, early voting will be from 8 a.m. to 1 p.m.

Early voting from Monday, Oct. 26, to Wednesday, Oct. 28, will be from 8 a.m. to 5 p.m.

Early voting on Thursday, Oct. 29, and Friday, Oct. 30, will be from 7 a.m. to 7 p.m.

Those voting on election day will vote at designated polling places in the county from 7 a.m. to 7 p.m.

The last day to register to vote was Monday, Oct. 5.

The last day to request a ballot by mail is Oct. 23.

However, Burleson County Elections Administrator Dorothy Oliver does not recommend waiting until Oct.

23 to request the mail ballot.

"This is the busiest election Burleson County has ever had and to process, mail, vote and return in time to be counted takes some time, so don't wait until the last day," Oliver said.

Also, a sample ballot is available in this issue of the *Burleson County Tribune*.

Please note that the sample ballot presented is a composite of all the local candidates running to make voters aware of all of the local races.

However, actual ballots for local voters will vary depending on where they live.

For example, a City of Caldwell voter will cast ballots for the Caldwell City Council and Caldwell School Board, in addition to the county wide Burleson County races and Precinct 3 county races.

Their ballot would not include races specifically for another county precinct or any Somerville races.

Likewise, a ballot for a City of Somerville voter will include races specific to Somerville for the city council, school board and bond election, in addition to county wide Burleson County races and Precinct 4 county races.

Their ballot would not include races specifically for another county precinct or any Caldwell races.

NOTICE TO IMPLEMENT REVISED FIXED FUEL FACTOR																								
<p>Entergy Texas, Inc. hereby publishes NOTICE that, pursuant to Section 36.203 of the Public Utility Regulatory Act (codified in TEX. UTIL. CODE) and 16 Tex. Admin. Code § 25.235(b), it filed with the Public Utility Commission of Texas (the "Commission") on August 19, 2020, a tariff to implement a revised fixed fuel factor. All of Entergy Texas' retail customers whose fuel charges are calculated under the Texas fixed fuel factor tariff – including but not limited to Residential, Small General Service, Large General Service, Large Industrial Power Service, and Street and Outdoor Lighting Service – will be affected by the Commission's approval of the revised fixed fuel factor. The revised fixed fuel factor, if approved, will affect only the fuel portion of the rates charged by Entergy Texas and will have no effect on non-fuel base rates.</p> <p>Entergy Texas seeks Commission approval to revise the fixed fuel factor effective with the first billing cycle of the September 2020 billing month. Entergy Texas proposed that the fixed fuel factor be changed pursuant to a semi-annual filing to be made each February and August, with revised fuel factors to be effective with the first billing cycle of the March and September billing months, pursuant to a methodology that changes the fuel factor based upon changes in the published price of natural gas. This methodology was authorized for use in Docket No. 32915.</p> <p>The revised fixed fuel factor, differentiated by voltage level, is as follows:</p> <table border="1"> <thead> <tr> <th colspan="2">FACTOR BY VOLTAGE LEVELS</th> </tr> </thead> <tbody> <tr> <td>Delivery Voltage</td> <td>Fixed Fuel Factor</td> </tr> <tr> <td>Secondary</td> <td>\$0.0301312 per kWh</td> </tr> <tr> <td>Primary</td> <td>\$0.0294032 per kWh</td> </tr> <tr> <td>69kV/138kV</td> <td>\$0.0285817 per kWh</td> </tr> <tr> <td>230kV</td> <td>\$0.0281375 per kWh</td> </tr> </tbody> </table> <p>The revised fuel factor would result in an increase in Entergy Texas' annual Texas retail fuel and purchased power revenues by approximately \$126.5 million, or 28.4% on an annual basis. Compared to the fixed fuel factor approved by the Commission effective March 2020, a residential customer using 1000 kilowatt-hours (kWh) of electricity per month would see an approximate increase of 29.09% annually, or \$6.64 on average per month, on his/her electric bill. The fixed fuel factor rate is designed to pass through to customers the actual fuel costs incurred by Entergy Texas to serve customers. Entergy Texas is not allowed to make a profit on fuel costs. Amounts collected from affected customers pursuant to the revised fixed fuel factor will be subject to final review by the Commission in Entergy Texas' next applicable fuel reconciliation proceeding before the Commission. Entergy Texas expects the revised fixed fuel factor to be in effect for the billing period of September 2020 through February 2021.</p> <p>Persons with questions or who want more information on this petition may contact Entergy Texas at Attn: Customer Service – Fuel Factor, 350 Pine Street, Beaumont, Texas 77701, or call [1-800-368-3749 (once you hear: "Welcome to Entergy" select option 1, then press 5, then press 7)] during normal business hours. A complete copy of this petition is available for inspection at the address listed above.</p> <p>The Commission has assigned Docket No. 51196 to this proceeding. Persons who wish to formally participate in this proceeding, or who wish to express their comments concerning this petition should contact the Public Utility Commission of Texas, Office of Customer Protection, P.O. Box 13326, Austin, Texas 78711-3326, or call (512) 936-7120 or toll-free at (888)-782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may call (512) 936-7136 or use Relay Texas (toll-free) 1-800-735-2989. ENERTY TEXAS, INC.</p>				FACTOR BY VOLTAGE LEVELS		Delivery Voltage	Fixed Fuel Factor	Secondary	\$0.0301312 per kWh	Primary	\$0.0294032 per kWh	69kV/138kV	\$0.0285817 per kWh	230kV	\$0.0281375 per kWh

Dyslexia Dash 5K hosted virtually

Caldwell will host the 2020 Dyslexia Dash Virtual 5K the week of Oct. 18 to raise awareness for dyslexia and funds for the dyslexia program at Caldwell ISD.

Registration for the event is open until Friday, Oct. 16, and shirts are for sale for \$25.

The 5K will be done virtually so people can take part in the event from anywhere.

Participants may run, walk, bike or participate in any way they feel appropriate.

Participants can post a picture of themselves wearing their purchased shirt on the Dyslexia Dash Facebook page through Sunday, Nov. 1, for the chance to win a gift card.

October is Dyslexia Awareness Month and Marsha Kocurek, one of the event organizers, said parents wanted to

raise awareness for this learning difference in the community.

"This fundraiser is especially important this year due to the changes COVID-19 has caused the school to make," Kocurek said.

She said they are excited to help show how amazing students with dyslexia are to the community.

"Students with dyslexia are often bright, amazing students who need reading supports to effectively learn to read. These students often work much harder than their peers to learn to read," she said.

"This 5K helps bring awareness to their struggles and give them hope to learn strategies to read proficiently," Kocurek said.

To order shirts or make a donation visit the Dyslexia Dash 2020 Facebook page.

MYERS

FROM PAGE ONE

Harless was attempting a right-hand turn with his signal light on.

Myers vehicle went under the truck tractor-trailer rig, she said.

Wilson said Harless was not injured.

Myers is remembered fondly as a teacher-coach at Somerville High School for many years and for his leadership in the Burleson County 4-H shooting sports, including rifles and archery.

Myers, in addition to his teaching duties, coached football and track at Somerville High School for many years -- including as head coach of the 2009 4x100 meter relay team that won the state championship that year.

But he is perhaps best remembered for tireless devotion to all Burleson County youth, particularly in the shooting sport programs.

Burleson County Extension Agent John Grange, Myers' longtime friend who worked with him on many 4-H shooting sports events, recalled a devoted and dedicated adult 4-H leader.

"He was an integral part of our program, a huge asset. His heart and soul was definitely in the shooting sports program," Grange said.

And Myers, though he no longer taught in Somerville and no longer had children in the local program, continued his involvement locally right up to the end, Grange recalled. Grange said he had attended a meeting with him just two weeks ago.

Not only did he help start the local program, he was also part of the Texas Shooting Sports Ambassador Program and served as coach for Texas shooting sports at the state and national level. Grange recalled that Myers was also "the go to guy" for district level shooting sports.

As a teacher-coach, he was also remembered fondly.

Somerville School Superintendent Karla Sparks said her children and others he taught and coached were saddened by his death.

"They all loved Mike Myers. He had a passion for kids and tried to do what was best for each individual student," Sparks said. "He always treated them with respect. That is why the kids liked him. He was fair and consistent with everyone. He didn't have favorites."

A rosary was planned for 1 p.m. on Saturday, Oct. 10, at Phillips & Luckey Funeral Home in Caldwell. A celebration of life was planned immediately following at the Old American Legion Hall at the Burleson County Fairgrounds in Caldwell.

For those attending the rosary or celebration of life, masks are required due to COVID, and it will be a hug-free zone.

In lieu of flowers, donations may be made to Burleson County Youth Development LLC, in care of Mike Meyers, 209 E. Fawn St., in Caldwell 77836 or to the Burleson County 4-H Shooting Sports Fund.

ATV theft case investigated

Sgt. Jody Tiller and Investigator Camille Creamer with the Burleson County Sheriff's Office responded to the theft of two ATVs from a property on County Road 467 on Saturday, Oct. 3.

A black and white Polaris, six-seat ATV and a camouflage Kabota ATV were taken from the property, according to Chief Deputy John Pollock.

The vehicles were tak-

en sometime between 5 p.m. on Friday, Oct. 2, when the owner had last visited the property, and 9:15 a.m. Saturday, Oct. 3, when he returned, Pollock said.

Gate locks on the property were cut to gain access, Pollock said.

There is no value for the ATVs at this time, and the thefts are under investigation as felonies, according to Pollock.

Truck stolen on County Road 162

Burleson County sheriff's deputies are investigating the recent theft of a truck from a home on County Road 162.

The truck, a 2016 black GMC Canyon, was stolen between Friday, Oct. 2, and Sunday, Oct. 4, while the owner was away, according to Chief Deputy

John Pollock.

Deputy Ethan Cheatham responded to the scene after receiving the report at 5:18 p.m. on Oct. 4, Pollock said.

No official value has been assigned for the theft, but it remains under investigation as a felony, Pollock said.

Advertisement and Invitation for Bids

The Burleson County will receive bids for Cooks Point WSC 2019 TxCDBG Water Plant Improvements, TDA Contract No. 7219059 until 2:00 p.m. on Tuesday October 20, 2020, at Burleson County, Auditors Office, 100 West Buck Street, Suite 407, Caldwell, Texas 77836. The bids will be publicly opened and read aloud.

Bids are invited for several items and quantities of work as follows:

1. Water Well Number 2
2. Water Plant Tie In
3. Related Appurtenances

Bid/Contract Documents, including Drawings and Technical Specifications are on file at Bleyl Engineering, 1722 Broadmoor, Suite 210, Bryan, Texas 77802. Copies of the Bid/Contract Documents may be obtained by contacting Steve Duncan at 979.268.1125 or sduncan@bleylengineering.com.

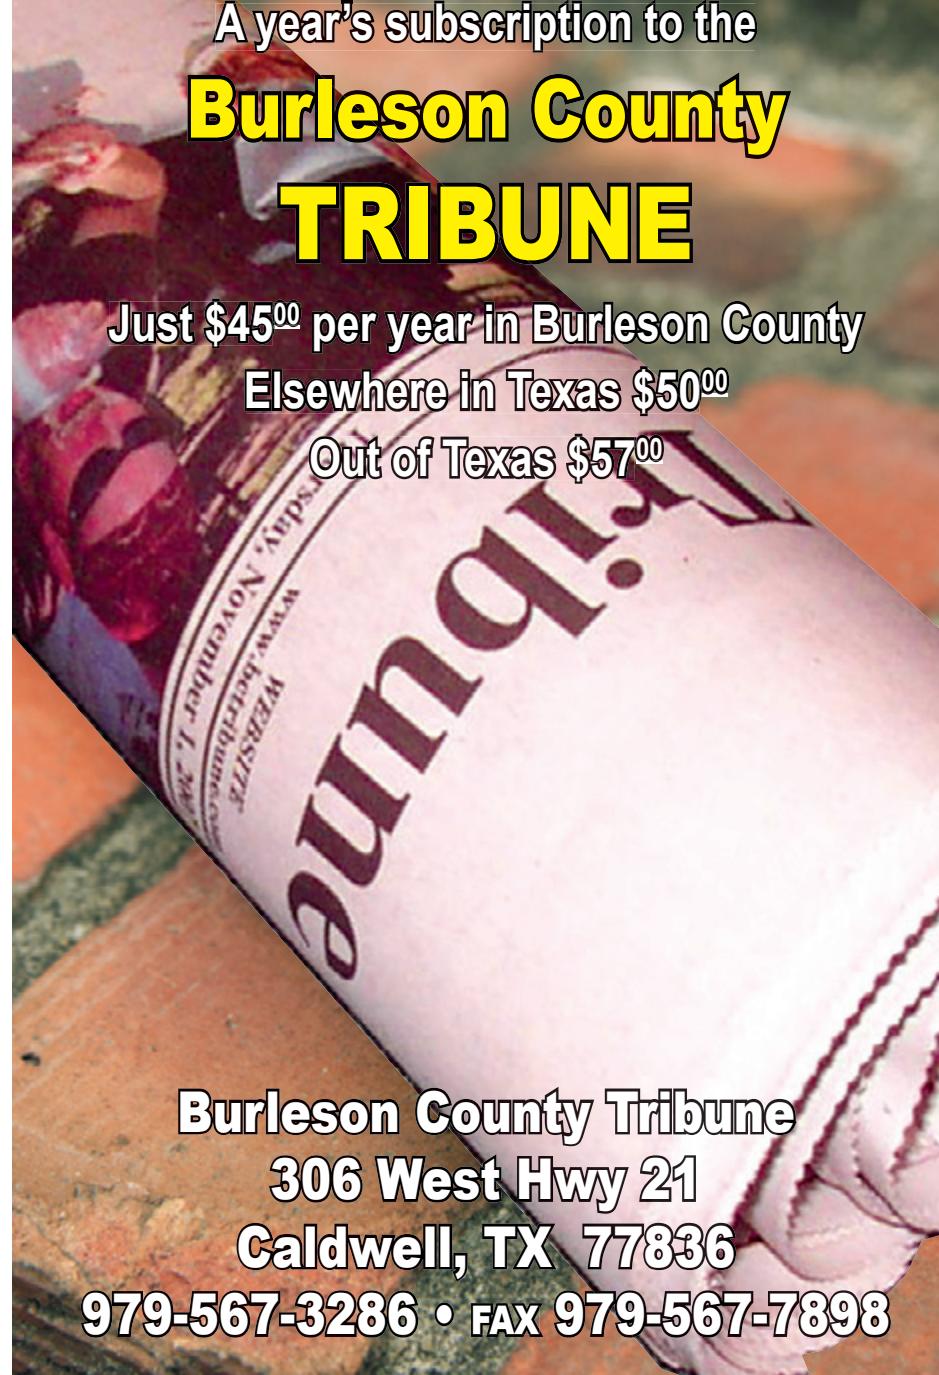

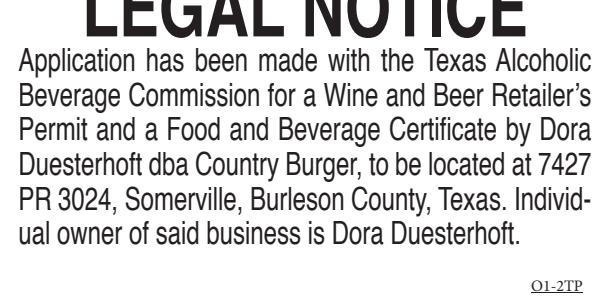

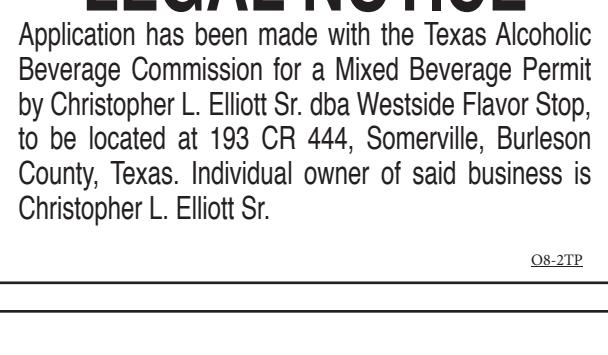

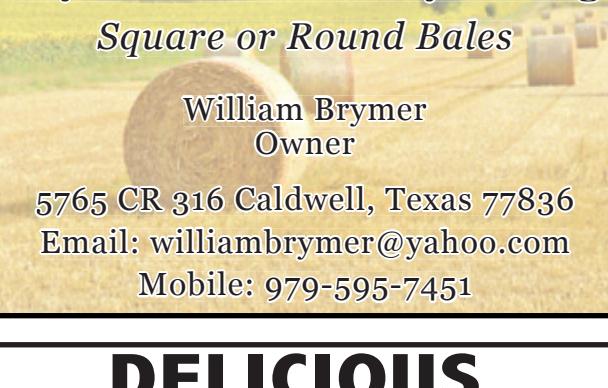

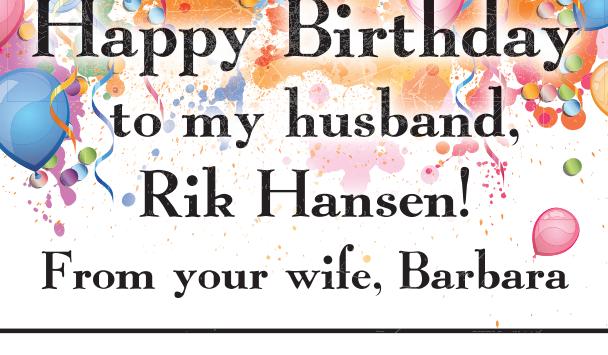

A bid bond in the amount of 5 percent of the bid issued by an acceptable surety shall be submitted with each bid [for those contracts that exceed \$100,000]. A certified check or bank draft payable to the Burleson County or negotiable U.S. Government Bonds (as par value) may be submitted in lieu of the Bid Bond.

The project to be constructed will be financed with assistance from the Texas Department of Agriculture (TDA) under the U.S. Department of Housing and Urban Development Community Development Block Grant (CDBG) program and is subject to all applicable Federal and State laws and regulations. Attention is called to the fact that not less than, the federally determined prevailing (Davis-Bacon and Related Acts) wage rate, as issued by the Department of Labor and contained in the contract documents, must be paid on this project. In addition, the successful bidder must ensure that employees and applicants for employment are not discriminated against because of race, color, religion, sex, sexual orientation, gender identity, or national origin. Adherence to the grant recipient's Section 3 Policy is required for contracts and subcontracts in excess of \$100,000.00.

All contractors/subcontractors that are debarred, suspended or otherwise excluded from or ineligible for participation on federal assistance programs may not undertake any activity in part or in full under this project. Minority Business Enterprises, Small Business Enterprises, and Women Business Enterprises, and Historically Underutilized Business firms are encouraged to submit bids.

The Burleson County reserves the right to reject any or all bids or to waive any informalities in the bidding. Bids may be held by Burleson County for a period not to exceed 60 days from the date of the bid opening for the purpose of reviewing the bids and investigating the bidder's qualifications prior to the contract award.

Fire destroys home off CR 115 near Deanville

A fire destroyed a home on Sunday afternoon, Oct. 4, off County Road 115 in the Deanville area, but no one was inside and there were no injuries.

The cause of the blaze is unknown, but no foul play is suspected, said Deanville Fire Chief Bill Colley.

The fire was toned at 4:43 p.m., and Deanville and Caldwell volunteer firefighters responded, with Deanville arriving first, Colley said.

Colley said the name of the family that owns the property was still unknown at press time, although he knew that one family member was living in the wood frame house, located near a larger, brick home.

Family members were not home when firefighters responded, so they had to cut a locked

gate to get on the property, Colley said.

As Deanville firefighters got on scene just after 4:45 p.m., they found the house fully engulfed with flames concentrated in the living room area, Colley said.

Deanville was able to respond quickly, within five minutes, because Colley was already at the station doing some cleanup work, he said.

Deanville firefighters responded with a pumper, tanker and a first responder truck with eight firefighters, he said.

Caldwell, arriving about five minutes later, responded with an engine, a grass truck and six firefighters.

Firefighters got the blaze contained in about 45 minutes, but the last units remained

on scene to wash down the damage until about 7:30 p.m., he said.

Colley said firefighters had to use as much available water as possible to contain the blaze. Caldwell provided 1,500 gallons, and Deanville used 1,200 from its pumper and 1,500 from its tanker, he said.

Even with that much water, Deanville still had to return to the station to get more water, Colley said.

Colley said the fire gutted the inside of the house and damaged the roof, although the exterior walls were still standing.

Colley said the fire was contained to the house and did not spread to any surrounding acreage or property.

Sheriff Gene Hermes's Report

Monday, Sept. 28

Investigator Creamer and Sgt. Investigator Labertew responded to a complaint in the lobby, advice was given. Deputy Cheatham responded to a theft on Live Oak Circle, information was taken. Sgt. Tillery responded

to a noise complaint on State Highway 21 W., nothing was located. Sgt. Tillery responded to a noise complaint on State Highway 36 S., advice was given. Deputy Cheatham responded to a theft on County Road 162, information was taken.

****Crime Stoppers pays rewards for tips on wanted individuals and crimes; all callers will remain anonymous. CALL 866-930-TIPS or 866-930-8477*****

THE ROBBERS ARE pictured moments later in Caldwell.

ROBBERY

FROM PAGE ONE

still photos and contact the Caldwell and Somerville police departments if they have any information.

We ask that those observing the video on the web page and on Facebook do not post comments speculating on who they believe the suspects may be. Just report your information to the police departments.

The robbers first went to the Somerville Sunny Food Mart on State Highway 36 at about 9:30 p.m., said Somerville Interim Police Chief Otto Arnim.

Arnim said three black men with face coverings, two of them wearing hoodies, came into the store and first walked around for a few seconds before approaching the counter.

The video shows one of the men climbing over the counter and holding a gun on a male store clerk. Another man held a gun on a woman who was playing a video game nearby, against a wall and to the left of the counter.

The three men then exited the store and left in a vehicle, heading toward Caldwell, Arnim said.

Arnim said police are unsure at this time what kind of vehicle they got away in.

Somerville Police Officer Preston Goode and a Burleson County sheriff's deputy arrived to investigate, Arnim said.

Moments later at about 10 p.m., the same three men entered Cat's Pitt Stop on State Highway 21 and robbed that store, using most of the same methods, Barnes said.

Again wearing face coverings, the men first walked around the store and then approached the counter, Barnes said.

The video shows that one of the men wearing a hoodie walked around the counter beside the woman who was working at the cash register and aimed a gun at her, while another man stood at the counter. The third man can be seen in the background standing a few feet away.

The clerk empties the register and gives them the money, and they leave the store, again fleeing in an unknown vehicle.

Caldwell Police Officers Coleman Decker and Robert Campbell responded and investigated at the scene, Barnes said.

Barnes said Caldwell police also patrolled around the area but were unable to immediately find the men.

Barnes and Arnim say the investigation is continuing as a first-degree felony armed robbery.

Anyone with informa-

Three sentenced in District Court

The following persons were sentenced in 21st Judicial District Court on Monday, Sept. 28, with Judge Carson Campbell presiding.

* Michael Keith Winder, 49, of Somerville; possession of a controlled substance-second degree felony; waived indictment and entered a plea of guilty by information.

He was sentenced to two years in the Texas Department of Criminal Justice-Institutional Division and ordered to pay court cost and a lab fee. He was granted 453 days jail credit.

* Robert Casey Welch, 33, of Bryan; possession of a controlled substance-third degree felony; entered a plea of guilty and was placed on two years deferred adjudication probation, ordered to pay a \$750 fine, court cost, a \$750 fine, court cost, lab fee and a Crime Stoppers fee. Standard conditions of probation including 200 hours of community service restitution, urinalysis, drug/alcohol evaluation and any treatment deemed necessary, no contact with the victim and battering intervention program.

* Jarell Dee Lambrecht, 59, of Caldwell; aggravated assault with deadly weapon - second degree felony; entered a plea of guilty and was placed on eight years deferred adjudication probation, ordered to pay a \$1,000 fine, restitution, court cost, court appointed at

for purchasing Bailen's commercial heifers.

Also thanks to Broesche Cattle Company for bidding on his heifers.

Somerville continues police chief interviews

Somerville City Administrator Danny Segundo and Interim Police Chief Otto Arnim are continuing interviews for the police chief position.

A finalist who had passed a background check was recently selected, and city officials had hoped he could begin by Oct. 1. However, he withdrew his name from consideration on Tuesday, Sept. 29.

The city council had previously interviewed six candidates.

The new chief will succeed Craig Wise, who recently retired.

Segundo said on Monday, Oct. 5, that he and Arnim hoped to have interviews scheduled for two candidates next week.

"Our goal was to have a candidate selected and hired by now, however, the vetting process and Texas Commission on Law Enforcement requirements has made us realize that this will not be a quick and easy process," Segundo said.

Segundo said finding a new chief "who will fit in with the community and bring in stability and leadership to the department is our top priority."

"Fortunately for us, we've had really good candidates to interview, and being in a 'one on one' situation where we can discuss their ideas for the department and

have a back and forth dialog is the next step," Segundo said.

Segundo said there is no time line at this point on filling the position, although they would hope to do so by the end of the month.

Segundo said previously that he was grateful to Burleson County Sheriff Gene Hermes and his staff for their help in the background investigation process and to Arnim for his cooperation and assistance during the hiring process.

Arnim has served as interim chief since Aug. 10. The city council ap-

proved his hiring on Aug. 4 on the recommendation of Texas First Group of Leakey, the city's consultant.

Arnim has also hired one officer since his arrival and is in the process of hiring another candidate, Segundo said. That would leave him one more opening, he said.

Segundo also said previously that he and the council had interviewed the six chief candidates, and two finalists were submitted for background checks. Their lone finalist had scored the highest in the city's scoring criteria, he said.

OBITUARIES

**DOUGLAS
RACKEL**

Graveside services for Douglas Rackel, 59, of Dime Box, Texas, were held at 10:00 a.m. on Wednesday, October 7, 2020, at St. Joseph Catholic Cemetery in Dime Box with Father Joy Adimakkel officiating.

Visitation was held on Tuesday, October 6, 2020, from 11:00 a.m. until 8:00 p.m. and on Wednesday, October 7, 2020, from 7:00 a.m. until 8:00 a.m. at Phillips & Luckey Funeral Home in Giddings. The family was present for visitation Tuesday evening from 5:00 p.m. until 7:00 p.m.

Douglas James Rackel was born on January 8, 1961, in Houston, Texas, the son of Lawrence Eddie Rackel and Elizabeth "Lizzy" Janeth (Beisert) Rackel.

He was baptized on January 22, 1961, and confirmed on March 23, 1975, at St. Mark's Lutheran Church in Houston. His confirmation verse was John 3:16, "For God so loved the world that he gave his one and only Son, that

whoever believes in him shall not perish but have eternal life."

He graduated from Dime Box High School in 1979.

Doug was united in marriage to Dorothy Ann Koudelka on July 5, 1980, at St. Joseph Catholic Church in Dime Box, Texas.

Doug worked in many fields until he found the oilfield.

In March of 2007, he and his business partner and friend, Kevin Supak, started Choice Safety.

He was a member of the Dime Box Volunteer Fire Department, St. Joseph Catholic Church in Dime Box, and the SPJST.

He never met a stranger and enjoyed meeting different people wherever he went.

Doug enjoyed hunting, fishing, operating his tractor (known as Handy Dandy) and most of all, spending time with his family, especially his five grandchildren.

He loved to go gambling and play the slot machines.

Doug had a heart of gold and was willing to help anyone who needed help. His concern was always for other people and not himself. He was always the first to volunteer and donate to any area fundraisers.

Doug passed away the afternoon of Sunday, October 4, 2020, at his home in Dime Box following a nearly five year, hard fought, battle with cancer.

He was preceded in death by his parents.

Doug is survived by his wife, Dorothy Ann Rackel, of Dime Box; two children, Nicholas James Rackel and his wife, Shana, of Dime Box and Dawn Renee Lautzenheiser and her husband, John Wy-

att, of Lexington; five grandchildren, Caleb James Rackel and Chase Rackel of Dime Box, and Clarence Ean Lautzenheiser, Lawrence Quaid Lautzenheiser and Thea Frances Lautzenheiser of Lexington; two sisters, Linda Zuzuarregui and her husband, Abel, of Paige and Kathy Supak and her husband, Lonnie, of Deanyville; two brothers, Ricky Rackel and his wife, Georgia, of Giddings and Steven Rackel and his wife, Margaret, of Loebau; sister-in-law, Frances Whitsel and her husband, Donnie, of Dime Box; two brothers-in-law, Sammie Koudelka and his wife, Shirley, of Moulton and Ted Koudelka and his wife, Nancy, of Smithville, as well as numerous friends and other family members.

Pallbearers were Scott Whitsel, Tanner Whitsel, Whitney Whitsel, Michael Whitsel, Derek Whitsel, and Devon Whitsel.

Honorary pallbearers were Ricky Rackel, Jacob Beran, Rocky Spacek, Nathan Bryan, Floyd Kostelka, Kevin Supak, Phil Guy, Jeff Holstine, John David Mikulin, and Emma Whitsel.

Memorials may be made to Allumine Hospice in College Station, the Dime Box Volunteer Fire Department, or to the charity of one's choice.

Arrangements by Phillips & Luckey Funeral Home in Giddings.

**PHILLIPS & LUCKEY
FUNERAL HOME**
979-542-3113
588 N. Main
Giddings, Tx 78942

2020, at Elizabeth Lutheran Church in Caldwell.

Burial followed at 2 p.m. at St. John Lutheran Church Cemetery in Bartlett. Immediately following the burial, a gathering was held at the Kuhlmann Center in Holland.

Visitation was held from 5-7 p.m. on Friday, Oct. 2, 2020, at Strickland Funeral Home in Caldwell.

Clarence was born on Dec. 29, 1931, in Holland, Texas, to Herbert Henry and Alvine (Steglich) Lange.

He attended school in Bartlett and enlisted in the Air Force in 1951 where he proudly served for four years including active duty during the Korean War.

He married the love of his life, Evelyn Marie Balusek (Mary Ann) on Sept. 21, 1957, just recently celebrating 63 years of marriage.

His entire career was spent working in civil service as an aircraft mechanic, the majority of that time

spent at Fort Hood. Having lived in Salado for many years, he and Mary Ann moved to Caldwell where he was a member of Elizabeth Lutheran Church.

Clarence was a kind, gentle, strong, soft spoken, hardworking, humble, God-loving soul who loved his wife and children, family members said. There was nothing he enjoyed more than spending time with his family and friends.

He loved to hunt and fish, tend his garden, watch football, play dominoes, make knives, and was well known for his barbecuing skills. Clarence made the world a better place just by being in it, and he will be dearly missed, family members said.

He was preceded in death by his parents; his sisters and brothers-in-law, Agnes and Mark Rentchler, LaVerne and Herbert Grimm, and Dorothy and Les Parker; and his brother-in-law, Leonard Hilt.

Clarence is survived by his wife; his children, Rick and Suzanne Lange of Lexington, Becky and Gabbo Goetsch of Caldwell, and Sandra and Tom Westerberg of Mont Belvieu; 10 grandchildren; 14 great-grandchildren; his brother, Floyd Lange (PeeWee); his sisters, Evelyn Atkins (Mutt), Peggy Kauitzsch, Cynthia Hilt; and numerous nieces and nephews.

Pallbearers were Gary Lange, Kyle Westerberg, Lance Westerberg, Mat Goetsch, Tim Meyers and Grayson Jones.

Honorary pallbearers were Robert Wiederhold, Eldon Lange, Bo Hubert, Larry Hein, Gordon Beatty and Robert Heger.

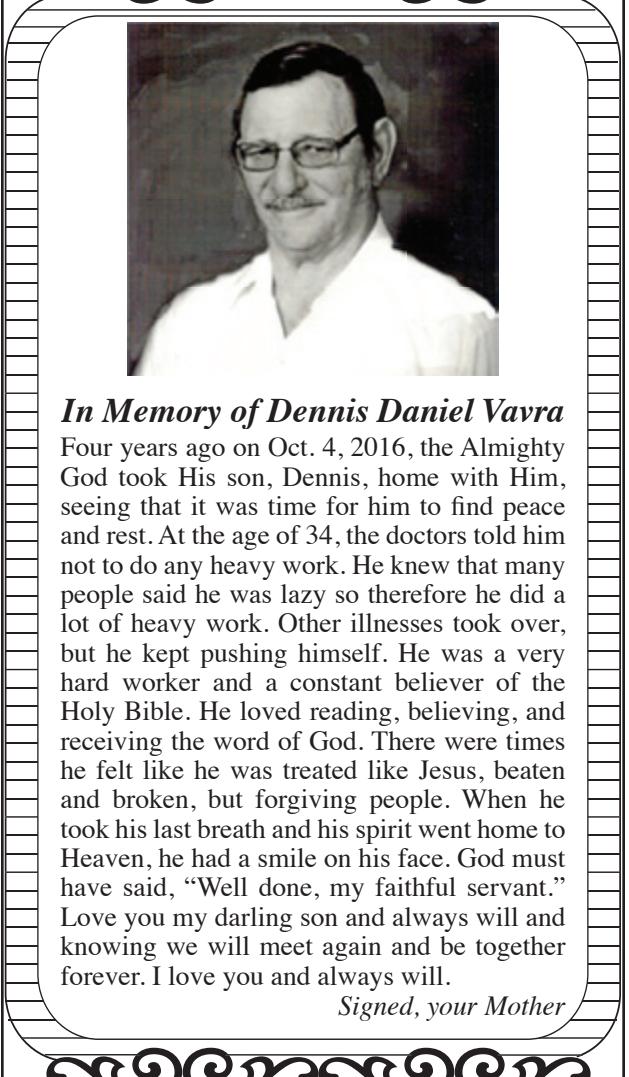

Memorials may be made to the Elizabeth Lutheran Church Building Fund, P.O. Box 675, Caldwell, Texas 77836; or Remarkable Hospice, 1645 Greens Prairie Rd., Suite 401B, College Station, Texas 77845.

Arrangements by Strickland Funeral Home of Caldwell. Please visit their website at www.stricklandfuneralhomes.com to sign the online register.

**CLARENCE
LANGE**

Funeral services for Clarence Curtis Lange, 88, of Caldwell, were held at 11 a.m. on Saturday, Oct. 3,

In Memory of Dennis Daniel Vavra

Four years ago on Oct. 4, 2016, the Almighty God took His son, Dennis, home with Him, seeing that it was time for him to find peace and rest. At the age of 34, the doctors told him not to do any heavy work. He knew that many people said he was lazy so therefore he did a lot of heavy work. Other illnesses took over, but he kept pushing himself. He was a very hard worker and a constant believer of the Holy Bible. He loved reading, believing, and receiving the word of God. There were times he felt like he was treated like Jesus, beaten and broken, but forgiving people. When he took his last breath and his spirit went home to Heaven, he had a smile on his face. God must have said, "Well done, my faithful servant." Love you my darling son and always will and knowing we will meet again and be together forever. I love you and always will.

Signed, your Mother

Hot Mix Asphalt

Tar-and-Chip Driveway

Tar-and-chip driveways are attractive and have been used for over 100 years to resurface driveways.

Tar and chip are virtually maintenance-free.

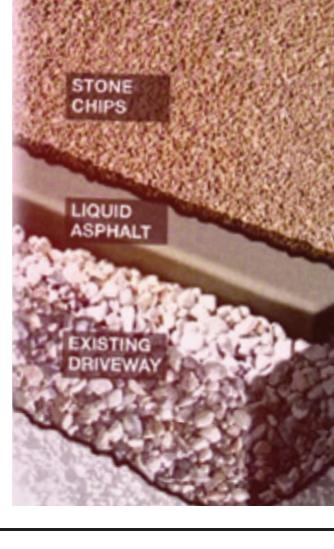

They are less expensive than asphalt and are available in many colors and shades of stones.

STEP 1 - Tar and chip can be applied right over an existing base, such as blacktop, concrete or gravel

STEP 2 - First, a 1/4-inch layer of hot liquid asphalt (tar) is applied on top of the base. This liquid binds the base to the stone chips and acts as a water seal.

STEP 3 - A layer of loose stone is then spread over the hot tar and raked to cover.

STEP 4 - The stones are embedded into the tar with a rolling machine.

THE BIBLE

Solid Ground

There are so many 'whys' in life; the answer is simple: Trust God

Why? Why? Why? We may wonder why sometimes no matter how many times we say it, no answer can be found.

Why were we born? As we go through life, there are times when we wonder why certain trouble seems to come our way.

events that occur during our life.

'Why' often best expresses our deepest questions. Why we lost a loved one, why we are sick or why our life takes a certain direction.

It's not just you and I who want to know "why."

Moses prayed, "Lord, why have You brought trouble on this people?

Why is it You have sent

me?" when he was chosen by God to lead the

children of Israel out of slavery in Egypt (Exodus 5:22).

Joshua cried, "Alas, Lord God, why have You brought this people

over to the Jordan at all

-- to deliver us into the hand of the Amorites, to destroy us? (Josh. 7:7).

Gideon lamented, "Why then has all this happened to us?" (Judg.

6:13).

Nehemiah asked, "Why is the house of the Lord forsaken?" (Neh. 13:11).

Job cried, "Why did I not die at birth?" (Job 8:11).

Even our Savior cried out while hanging on the cross, "My God, My God, why have You forsaken Me?" (Matt. 27:46).

There are many more

FEATURES FROM THE BIBLE

TRUTH IN SCRIPTURE

Material for the Tabernacle

Exodus 35-36

Moses assembled the people of Israel and told them that the Lord had commanded that they were to take an offering for the Lord from what they had. "Everyone who is willing is to bring to the Lord an offering.....", he told them. Moses continued, "All who are skilled among you are to come and make everything the Lord has commanded: the tabernacle with its tent and"

The whole Israelite community withdrew from Moses' presence and everyone who was willing and whose heart moved him came and brought an offering to the Lord for the work on the Tent of Meeting.

Moses summoned Bezalel and Oholiab and every skilled person to whom the Lord had given ability and who was willing to come and do the work. They received from Moses all the offerings the Israelites had brought. The people continued to bring freewill offerings morning after morning. The workmen said to Moses, "The people are bringing more than enough for doing the work the Lord commanded to be done." Moses sent word throughout the camp that no more offerings were to be made because they already had more than enough.

FEEDS FOR LESS

JLyle Medical Clinic

"why?" questions that we'll cover next week, but let's concentrate on some of these first. First of all, let's look into the name God gave to Moses when he requested an identifying name: "I Am That I Am." That's the name God gave for Himself, showing that God is alive and is offering salvation.

That name was later

shortened to four letters -- YHMH, probably pronounced "Yahweh." It's usually translated as "Lord" in English. It's used 6,700 times in the Old Testament. Through the centuries, scholars have tried to define the name, but never came to a real conclusion. And maybe that's the way God wants His real name to be -- a mystery.

While God's true name is a mystery, the "why's" we as believers ask are also often a mystery. Some of the answers are revealed to us over time, while others won't be known to us until we are in the presence of God. What we do know for sure is that the human race is in trouble. If we didn't know it before, we should see it even

more clearly in 2020 as we face a worldwide pandemic of epic proportions, along with all kinds of other trials and tribulations. It seems like the more educated we get, and the more computers and other devices we have, the more trouble we seem to be getting ourselves into.

What we as Christians

should know by now is that God is the only one who can get us out of this mess. It may take Christ's triumphant return as King of kings and Lord of lords to resolve it. In the meantime, God offers us salvation. He's doing for us what we can't do for ourselves.

Exodus is a powerful

and true story of God working salvation. It's a story of the Lord helping His people get out of trouble.

This same God is willing and able to get every one of us out of "trouble" as we go through life. It may be physical or mental or spiritual trouble, but the Lord is here to guide us through it all.

Official BC fair results released

The official totals from the 2020 Burleson County Fair are in, and the total sales were \$1,667,000, down from last year's total of \$1,961,225.

However, considering

the current COVID-19 pandemic, the fair will be considered a major success.

The baked goods sale brought in \$22,350, down from last year's \$30,875.

The youth auction brought in \$709,500, down from last year's \$1,009,800.

The commercial heifer sale brought in \$935,150, up from last year's \$920,550.

BRAXTON FRITCHER exhibited the Reserve Grand Champion market swine at this year's Burleson County Fair. His swine was purchased by Somerville Farm & Ranch, Inc. for \$4,000. He is pictured with Clay Fritch, Galen McCune, Natalee See, Fair Queen Kyleigh Hruska and Little Miss Brooklyn Hafernrick.

AVERIE HERNANDEZ exhibited the Reserve Grand Champion market broilers at this year's Burleson County Fair. Her broilers were purchased by Sonic of Somerville for \$2,750. She is pictured with Fair Queen Kyleigh Hruska and Little Miss Brooklyn Hafernrick.

COULTER SUEHS exhibited the Reserve Grand Champion market turkeys at this year's Burleson County Fair. His turkeys were purchased by C&H Building Construction, Inc. for \$2,750. He is pictured with Fair Queen Kyleigh Hruska and Little Miss Brooklyn Hafernrick.

GRANT

FROM PAGE ONE

for infrastructure improvements and to help communities retain and expand jobs.

Mike Sutherland of the Burleson County Economic Development Council said previously that the Brazos Valley Council of Governments (BVCOG) is administering the grant application.

The city can apply for \$975,000, and the EDC will pay for a pre-engineering report that will cost \$10,000 to \$15,000, he said. The match is 20 percent local, but the EDC has agreed to split the cost of the match with the city, Sutherland said previously.

Sutherland said the funding would be used to repair Industrial Boulevard, along with Commerce Street and then build out the access road that runs behind the city property and Texas Chaw and Summit Pump. That road would be completed, paved and curbed, he said.

Also, a loop would be created for water and sewer down the access road and an electrical upgrade, Sutherland said previously.

The grant requires the businesses there to retain or to add jobs, he said. Summit Pump, Zodiac and Non-Ferrous have submitted letters of support, he said.

In other business at the special meeting, the council also approved setting a public hearing for the annexation of a 15.2-acre tract of land on Martin Luther King Drive for Caldwell Heights apartment project.

The public hearing is set for 6:15 p.m. on Tuesday, Oct. 20, prior to the council's regular monthly meeting. The council will then consider formal approval of an annexation ordinance at that meeting, Caldwell City Administrator Camden White said.

The Caldwell Heights apartment project is being planned by Olympia Construction, Inc., of Albertville, Ala., with their Texas partner Arx Advantage Consulting of Austin.

Robbye Meyer of Arx Advantage addressed the council at their June 20, 2019, meeting.

The group was awarded an annual housing tax credit allocation in July of 2018 by the Texas Department of Housing and Community Affairs and has secured about \$8 million over 10 years, about \$800,000 annually, using tax credits to get equity investors to fund most of the development.

The development is located on about 15 acres at the end of Martin Luther King Street just outside the Caldwell City Limits.

The development group purchased the property owned by DB Orchards LLC, closing on Feb. 19, Meyer said in 2019.

The 72-unit apartment complex will include one, two and three bedroom rental apartments, Meyer said in 2019. They will range from 900-1,250 square feet.

The apartments will create much needed affordable housing in Caldwell for mixed incomes.

However, the apartments are not Section 8 HUD housing. They will be managed with

criminal background checks and an ongoing inspection process to ensure that the apartments are well maintained.

Tenants, whose rents will vary depending on their ability to pay, must have a verifiable source of income.

The development would include persons who earn 30-60 percent of the Adjusted Median Gross Income for the

Caldwell area, which is \$60,400.

Meyer said at the 2019 meeting that six units would be 30 percent or below the median, 22 units would be 50 percent or below the median, and the rest would be 60 percent or below the median.

The city will provide water, sewer and electric service, along with police and fire protection.

THANK YOU TO

SISD candidates address TEA accountability and other issues

Five Somerville ISD residents are looking to make a difference in the school district by running for two seats on the school board.

The seats currently held by James Douglas and Stanley Smith are up for election, and David Idlebird, Kim Casanova, Kevin Hoelscher,

Keith Howe and Marcus Douglas are vying for those positions in November.

Idlebird said that serving as a school board member would be a way to serve the Somerville community.

He said, "As I began to look for different ways to serve the community

KIM CASANOVA

in which I live, I found that there were only two ways to do so -- serving on the city council or on the school board."

"I choose the school board because I have a vested interest in its success -- my five year old son is now in kindergarten and my two-years old twins will follow in his footsteps," Idlebird said.

Casanova said that as a parent and Yegua community member she wanted to be a part of "making our school district a highly recognized school of excellence in academics and athletics"

Douglas hopes to be elected to "serve the people of SISD and ensure their voices are heard within the district."

"I believe in the power of a quality education, and I want to make sure we combine knowledge and wisdom to make an impact in the lives of our future leaders of tomorrow," Douglas said.

Howe said that as a Somerville High School graduate, parent and longtime area resident with "deep ties to the community, I am committed to the success of all Somerville ISD students."

"I think this opportunity will give me the chance to expand upon my direct involvement so I can have a focused effort making a positive impact for the Somerville community," Howe said.

Hoelscher did not respond for comment.

The candidates seem to believe that the faculty and staff are a positive aspect for Somerville ISD.

Douglas said, "The teachers and staff of SISD are our greatest strength and most valuable resource. They are on the front lines and are tested with implementing a curriculum that is constantly evolving in order to maximize the success of each and every encounter."

"We must reward the teachers and professionals who are improving

MARCUS DOUGLAS

their classrooms and going the extra mile. These individuals should know, without a doubt, how special they are and know that the whole community appreciates their daily dedication and sacrifice," Douglas said.

Idlebird agrees with Douglas and said, "Somerville ISD has always had teachers who want to serve our students. Some who are local and others who come from far away. I think we can build upon that foundation and improve those assets with training through professional developments as well as by identifying and securing the necessary resources so our teachers can be successful."

Howe also agreed that a "strong academic foundation is critical to the success of our students."

"In recent years, the district has committed to increasing allocation of resources as well as concentrating efforts on identifying the needs that still exist to improve performance. Offering avenues of individual student enrichment and targeting specific identified areas of weakness on an ongoing basis will ensure all students receive support and the opportunity to thrive," Howe said.

Casanova added that the district's communication has "successfully increased."

"The district's social media platforms have enhanced accessibility for parents and students."

"We can continue to utilize the district's platform to build on relationships and interaction with parents, students and surrounding community," Casanova said.

However, Douglas and Howe believe that communication by the district needs improving.

Douglas said, "Communication, accountability and transparency should be more than just words or a phrase. They should be the standard for conducting business."

"Many times, there seems to be a lack of communication from the district to parents. We must all be on one accord for the success and well being of the students of SISD," he said.

"Accountability is more than just a one-way street. It is imperative for all SISD employees, and it also should be a charge for all SISD parents and guardians."

"We should be able to have candid conversations with any individual affiliated with SISD. As long as we are genuine with our intentions and act with the best interest of the students at heart, we will be able to harvest the seeds of peace and unity that has been sown within our community," Douglas said.

Howe agreed, "A consistent and uniform method of communication to staff, students and parents is paramount. Overall student success will benefit from collaboration and support systems within the

KEITH HOWE

community."

Casanova does believe that Somerville ISD "can improve school and community allegiance through community outreach programs."

"Our schools and its students need a positive appearance within our

community. We can improve in this area with programs and events that reach our community's patrons, through service-oriented activities that create opportunities to promote our school district and community unity," she said.

Idlebird said that a "lack of resources when it comes to staffing and the turn over rate of teachers leaving the district" is a problem at SISD.

"While I understand there is a budget, I think we have to allocate the necessary resources where they are needed."

"We also have to create a solutions that will allow us to keep quality staff in this competitive market," Idlebird said.

One area that all candidates are concerned about is Somerville ISD's accountability ratings with the Texas Education Agency (TEA).

Casanova said, "As a parent, I'm concerned with the low TEA ratings our school district has received in recent years."

"District parents appreciate the efforts that have been made to improve these scores and the district continuously improving curriculum as well as parent resources which directly impact TEA ratings."

"Setting this foundation allows parent involvement to increase student productivity."

"We can improve on developmental training for teachers, parents and students in our schools industry-based requirements and how to unite in the success of our students and schools," Casanova said.

She added, "I believe that one of the most important factors in the success or failure of any school is accountability."

"Our district can build a strong infrastructure by creating a culture of trust and responsibility, setting high standards and clear expectations and giving ownership and consequences of all actions," Casanova said.

Douglas said that Somerville has "brought in professionals to help the teachers assess the educational needs of the students. These subject matter experts are mentoring our teachers and presenting new and exciting approaches. This should be combined with supplemental support that leads to greater learning."

"With our district having the ratings that it does, we need a highly personalized approach to ensure we address all areas of uncertainty that a student may have. This will help close the learning gap."

"It's important to remember, before you can mold a student's mind, you have to secure their

DAVID IDLEBIRD

heart. The students must see all the effort and resources we are putting into their success and they must be shown that their success not only matters to us as a district, but also as a community," Douglas said.

Idlebird believes that focusing on improving our strengths and eliminating our weaknesses should help TEA ratings.

Howe believes that improving accountability and transparent communication will improve district TEA ratings.

"If the district commits to creating a culture of accountability from the superintendent and Board of Trustees and throughout, I think ratings can certainly improve and expectations absolutely exceeded."

"I think everyone should have concise and attainable goals. All stakeholders should hold themselves and each other accountable for moving in a unified direction that will ensure each year's goals are achieved and sustained," Howe said.

And, achieved goals and work skills is something Howe hopes voters will consider when they vote.

He said, "After graduating from Texas A&M University, I followed a winding professional path which included owning/managing a small business and working as a self-employed independent petroleum landman."

"For the past eight years, I have been employed on the corporate side of the energy sector with my current role being land manager," he said.

"This varied professional background has required me to hone many skills which include: objective decision making, strict adherence to financial budgets, personnel/conflict management and performance in stressful situations."

"I think that my educational, professional and personal background give me the skills that are needed to be a positive addition to the Somerville School Board of Trustees," Howe said.

Idlebird said he is excited just to have the "opportunity to serve my community by way of the school board."

"It is to that end, if I am elected, I plan to give my best effort to helping Somerville ISD succeed."

"I hope to see you all at the polls come November," he said.

"Go Yeguas," Idlebird said.

Douglas believes that the "progress of education at SISD is our future and our children are our top priority."

"As your board member, I will talk to you about the issues in our boardroom, then give attention to your input and ideas."

"I am a man who is undergirded by my principles, and I will be the humble, open and transparent voice of all people lucky enough to be a part of SISD," Douglas said.

Thank you to

Caldwell ISD candidates weigh in on school issues

Due to the COVID-19 pandemic, local school board elections were moved from May to November, which has allowed Caldwell ISD residents to get to know the three candidates for the two open positions a little better: Eric Boniol, Pam Evans and William Foster.

Growing pains and transparency seem to be the biggest issues the candidates feel are facing the district, while they all believe Caldwell ISD teachers and their curriculum are the district's strengths.

Each candidate had his or her own reason to run for school board.

Local resident Boniol said he wanted "to bring positive, impactful change to our district by driving improvements in public communication, transparency and accountability."

"I want to provide the community with an effective voice by creating a stronger path of improved involvement," Boniol said.

Evans and Foster, both former educators, are the incumbents in the race, and both spoke about why they ran three years ago in May 2017.

Evans said, "At that time, I wanted to give back to the district that has given my family so much throughout the years. This is still the reason I am running for reelection this year."

"My goal as a CISD trustee is to be a voice for the students and staff members of our district and to improve the educational welfare of all children. I believe my years in the district give me the leadership skills needed to serve on the CISD school board," she said.

"During my three plus years on the board, we have completed facility additions, renovations, repairs and upgrades. We are also in the process of adding new/up-grade facilities that will be completed next year. I would like to see these things through."

"Being passionate about education, my goal continues to make sure that each student has the opportunity to succeed in learning, preparing them to be successful in the future."

"As the saying goes, I am not finished yet," Evans said.

Foster said he ran for school board in 2017 because he "had a vision for facilities that I felt we needed."

"After teaching in the district for twenty-four years, I feel that I could see the needs and challenges the district faced."

"Curriculum and instruction are first priority with each student, but at some point you have to take care of our facilities. The upgrades to our facilities and being in compliance with state and federal laws was a major need. The fact that we now have some long range planning and goals I would like to continue being a part of those things that I have helped set up," Foster said.

Caldwell is also beginning to see growth due to its proximity to Brazos County.

Foster said, "Preparing for growth has been a part of every facility decision that we have made. By design our facilities can be added to without extra costs to knock something down to do something new. Additions will be our

focus as we grow."

"Growth is good for every community."

"With that you have to look at the time line of growth. I feel that the growth we will see in Caldwell will be gradual, but we need a plan 'B' for an explosive growth," Foster said.

Evans said that Caldwell is seeing evidence of growth already.

"With the addition of new housing developments, Caldwell ISD has already begun planning for growth in our district."

"Working with our city and county officials is an important part of preparing for the growth of our district. The board has already discussed bringing together the Community Task Force that was crucial in helping develop and pass the 2018 Bond Program."

"The district will be in better shape to accommodate growth when the new/remodeled elementary campus is complete. With some campuses being moved to different locations, more space and classrooms will be available for future growth."

"Discussions have already begun on meeting the needs of our district as it expands like we believe it will," Evans said.

Boniol agreed that the district needs to prepare for more growth "because it is coming."

"It is just a matter of time."

"We must have an efficient and stable ISD. Efficiency and stability are the foundation for this future growth. We must focus on having well defined processes in place, equipped to handle this future growth from all aspects -- staffing, budgeting, space management, ease of transitioning and flawless execution," Boniol said.

Addressing strengths of the district, Evans believes the current superintendent and district administrators are working well with the board to promote transparency.

Also, Evans believes that the vertical aligned K-12 curriculum in core content areas which the district is using is meeting the needs of all students.

"Other programs have been implemented that is designed to more appropriate learning opportunities and provide interventions where needed," Evans said.

Addressing weaknesses, Evans said, "Inequality of education in our district and lack of Internet access to our district students is affecting student learning."

Evans said that the district could improve on this by:

* Increasing the effectiveness of our district programs in meeting the needs of our diverse population.

* Using student data as a resource to help students achieve where needed.

"Our students' education is a serious concern in our district. We strive to meet the needs of every student enrolled in Caldwell ISD."

Evans said that Internet access is not available for many students in the rural areas of the district.

"Internet resources will take time and money to develop in the demographic areas where needed. The district has been working to make access available using hot spots throughout the district along with an Internet company, but it is

still a problem for some families. Continued work must take place to correct this weakness."

"Since COVID is affecting the district this year, we are working closely with the state and local officials to make sure we have the resources to not only keep our students safe but to make sure that each student has the best educational opportunity possible," Evans said.

Foster believes that teachers and staff are the strengths of the district.

"They are the day-in and day-out that makes everything work."

"Our support staff, our bus drivers, our cafeteria workers and our maintenance workers are also a big strength in our district."

"Having pride in what they do, and pride in our school district can be seen by everyone that visits it Caldwell ISD," he said.

"The things we can do to make it even better are to follow through with the direction we are headed. We have been pushing the last three years for long range plans in maintenance and facilities. Our instruction is no different."

"We have it all covered, now we have to follow through and keep moving in the direction we are going."

"Most things fail because they didn't keep their direction," Foster said.

Boniol agrees with Foster that teachers are a strength for the district, but also "our students, and our community."

"We need to focus on empowering our teachers, so they can excel and achieve at the level and pace they each desire."

"The same for our students. We have a large number of students that have a strong drive and ambition in life. We must nurture and foster this through reward and recognition programs."

"Finally, we have an overwhelming loving and caring community. We must give the community more opportunities to contribute to the success of our district. We must allow the community the opportunity to take ownership in our district by being more involved and heard. This is a major element to our success," Boniol said.

Boniol believes that more could be done in the area of transparency within the district, by saying that communication, transparency and accountability are weaknesses within Caldwell ISD.

"These are three gaps in our district that must be closed."

"We must drastically improve our communication strategy, so that parents and the community are well informed. This is done by redefining and implementing a new plan that is efficient and effective. Lack of communication and miscommunication creates nothing but confusion."

"Next, we must drastically improve our level of transparency. This is paramount for our district to fully earn the trust and support of our parents and community. Being a public entity, we must live in a glass house. That is the nature of term 'public.' Transparency must be 100 percent, nothing less," he said.

"Lastly, we must have strict accountability measures in place for all, from the students to

the faculty all the way to the superintendent. Everyone is accountable, period. Accountability ensures that the rules and strategy are being and will be followed. Deviation here only opens the door to unnecessary problems and under performance. Accountability produces integrity, doing the right thing when no one is looking," Boniol said.

Foster, however, does not believe that one should dwell on the weaknesses of the district, but focus on the "things we are trying to fix."

"We tend to focus on the troubles and issues."

"Many times we fail to see what we really have in Caldwell ISD," he said.

"We have great kids, our student population is involved and excited about the things they do in school. They enjoy representing the Hornets in all levels of competition in sports, Ag, band, EMT program...the list goes on and on. Our students are involved."

"We also have great teachers that care about every student. We should look at how great they are and the things they do that go beyond the scope of their job."

"We also need to recognize our staff. They work hard and with pride."

"Our weakness is being too humble about our district," Foster said.

Boniol hopes that local residents will vote for him after seeing his "commitment to bringing positive, impactful change to our district is backed by my successful, 24-year career in the automotive industry."

"My skill set includes process creation/implementation, leadership, people management, business strategy/management and finance," Boniol said.

Evans wants to continue on the board to be "a positive voice for education."

"As a retired educator, I feel that my contribution to the district comes from within. I am passionate about education and there is more work to be done."

"I want to see the bond construction approved in November 2018, be completed as planned," she said.

"This year I was honored to be chosen along with 26 other Texas board trustees as a member of Leadership Texas Association of School Board (LTASB) Class of 2021. It would be an honor to represent our district by completing this training. During the training, I will be working with six other members researching how students view social institutions and how it impacts education. I believe this training will help me make better decisions that will positively impact Caldwell ISD," Evans said.

Foster feels that he is just starting "being part of the CISD School Board."

"I look forward to many more years if given the opportunity to represent the citizens of Burleson County in this way."

"I hope you have seen the continued changes and follow through the last three years. I want to help keep us headed in the right direction."

"I thank you for the opportunity you gave me three years ago and look forward to another three years with the CISD School Board," Foster said.

Hunter's Wife Weekend scheduled

The Burleson County Chamber of Commerce will host the annual Hunter's Wife Weekend on the square in downtown Caldwell and Somerville on Saturday, Nov. 14.

This year's theme is "Mariachis and Mascaras" with the Aggieland Mariachi Band scheduled to appear.

Tickets cost \$25 and include a souvenir wine glass, mask and passport that gives access to sample drinks and snacks while shopping.

Glasses and passports can be picked up the

BOND

FROM PAGE ONE

ing Eighth Street from State Highway 36 to Thornberry Drive as phase one. That will also include upgrades and improvements to the city's water distribution and sanitary sewer system.

Also included for phase two will be the resurfacing of the town center area, which includes seal coating Memory Lane from Sixth to Ninth streets and including entrances off State Highway 36.

Those entrances will include Sixth, Seventh, Eighth and Ninth streets from State Highway 36 to Memory Lane.

On election day, ballots will be cast from 7 a.m. to 7 p.m. at the Somerville School District Building.

The city and school

district are consolidating their polling location.

Early voting begins Tuesday, Oct. 13, and continues through Friday, Oct. 30.

Early voting in person will be conducted at the Burleson County Court-house.

The hours will be from 8 a.m. to 5 p.m. for Tuesday, Oct. 13, through Friday, Oct. 16, and from Monday, Oct. 19, through Friday, Oct. 23.

Saturday, Oct. 24, early voting will be from 7 a.m. to 7 p.m. Sunday, Oct. 25, early voting will be from 8 a.m. to 1 p.m.

Early voting from Monday, Oct. 26, to Wednesday, Oct. 28, will be from 8 a.m. to 5 p.m.

Early voting on Thursday, Oct. 29, and Friday, Oct. 30, will be from 7 a.m. to 7 p.m.

Two public forums for Caldwell City Council and Caldwell School Board candidates are scheduled for October.

The first, hosted by the Caldwell VFW Post No. 4458 Auxiliary is set for 1 p.m. on Sunday, Oct. 11, at the VFW Post.

City council, mayoral candidates and school board candidates will appear and answer questions.

A lunch of pulled pork sandwiches, coleslaw and baked beans will be served from 11 a.m. to 1 p.m., and is open to the public.

Candidates are scheduled to begin speaking

at 1 p.m.

Another forum, organized by Burleson County Republican Women, is set for 6 p.m. on Thursday, Oct. 15, at the Caldwell Civic Center.

Caldwell ISD school board candidates include incumbents William Foster and Pam Evans, and Eric Boniol.

Caldwell candidates for mayor are Mike Valigura and incumbent Norris McManus.

Caldwell City Council candidates Jason Rhodes, Janice Easter, Jessie Enrique Jr., and incumbents Jonnie Vic Barnett and Jim Wilde.

Hughes qualifies for NFR

Fulfils dream of competing in the National Finals Rodeo

CALDWELL'S WESTYN HUGHES has qualified for the National Finals Rodeo in December. -- Photo courtesy of Matt Cohen Photography

All children dream of what they will be when they grow up, but most children change those dreams as they get older or just choose to not pursue that dream any further.

However, Caldwell's Westyn Hughes is not one of those people who gave up on his childhood dream of competing in the National Finals Rodeo (NFR) -- qualifying for the rodeo for the first time since he began competing in the PRCA just a few years ago.

Hughes is finished fifth in this season's Tie-Down Roping PRCA World Standings, which ran from Oct. 1, 2019 until Sept. 30, 2020, and the Top 15 have qualified for the NFR.

Hughes began dreaming of competing in the NFR when he was

Lady Jays beat Lady Yeguas in 1st round of District 26-2A

Snook took Round One of the Burleson County Showdown against Somerville in straight

sets 25-10, 25-14, 25-21.

Lady Jay senior Riley Green led all players on the offensive side of the

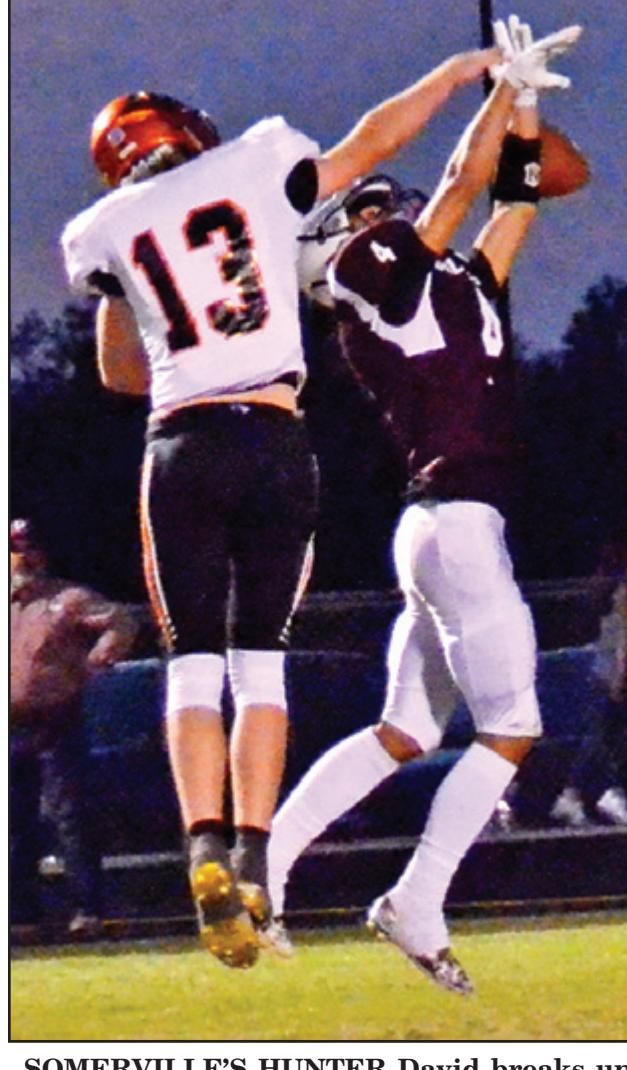

net with 12 kills.

The Lady Yeguas were led by Emma Kovasovic

See V-BALL, page 2B

Yeguas drive late but fall to Iola 42-36

Somerville battles back after trailing 36-21

SOMERVILLE'S HUNTER David breaks up this Iola pass. -- Tribune photo by Roy Sanders

It was another very close call for the Somerville Yeguas with no one giving up until the final gun.

Somerville, rallying from a 36-21 deficit in the fourth quarter, had fought back to tie the score at 36-36 before Iola added what should have been the knockout punch with a TD pass with 37 seconds left for a 42-36 lead. Iola had benefited from a pass interference call just prior to the play that put them in good field position.

Even then, Somerville was not done.

Jeremiah Teague caught a swing pass from quarterback Johnny Legg and flew 38 yards, from the Yegua 41 to the Iola 12, before he was hauled down.

Needing a TD and a Said Reyna extra point, the Yeguas got one final chance on a Legg to Verkobe Woodberry pass that just barely fell incomplete with three seconds left.

Round Two of the Burleson County Showdown is set for Friday, Oct. 23, in Somerville at 5:30 p.m.

JOHN SEE WAS the lead varsity boy for Snook runner in the Jarrell Mesquite Run on Thursday, Oct. 1.

Snook XC runs at Jarrell meet

PAOLA ARRENDONDO was the sole varsity girl runner for Snook in the Jarrell Mesquite Run.

JARED BRYAN set a personal best during the meet on Oct. 1 according to head cross country coach Travis McFarland.

Snook High School boys and girls varsity runners competed in the Jarrell Mesquite Run Thursday, Oct. 1.

John See was the top varsity boys runner placing 48th with a time of 25:24.6.

Head Cross Country Coach Travis McFarland said he is proud of the determination of his runners.

"It is not easy to wake up early everyday to run and stay late to go to volleyball and football practices and games. You add waking up early on Saturdays and it is unbelievable that our kids are still showing up everyday," McFarland said.

"The kids continue to train hard and it was nice to have several of our kids achieve personal bests and get that positive feedback of a job well done," he said.

Alex Speer of Robinson placed first with 16:48.7 and James Butler and Daniel Sustaita of Del Valle placed second and third with 17:19.5 and 17:20.2.

Jared Bryan also ran for Snook, placing 49th with 25:56.9.

Paola Arrendondo was the sole varsity girl runner for Snook, placing 21st with 15:46.1.

Ann Snider of Live Oak placed first with 12:54.3, Rachael Hertley of Robinson was second with 13:09.9 and Josephine Peters of Troy was third with 12:20.8.

Snook junior high ran on Saturday, Oct. 3, for the first time since Aug. 29 due to previous weather issues.

Brett Withem placed third with 13:11 and Caden Schluens was sixth with 14:07 for the junior high boys.

Aubrey Becker was the sole Junior high girl runner and came in 34th with 19:26.

Lady Yeguas fall to Fayetteville

The Lady Yeguas gave

Number 24 Fayetteville a scare, taking the Lady Lions to five sets before falling 25-22, 22-25, 25-17, 18-25, 12-15.

Camia Martin led the Lady Yeguas at the net with nine kills and five blocks.

Emma Kovasovic also had nine kills in the

loss.

Senior Kailey Eldridge also had a good game offensively with 19 assists and two aces. She also led the team in digs with six.

Friday for a dual match.

Lady Jays beat Dime Box in dual match, Burton

The Lady Jays played four matches last week, winning all four -- beating Somerville on Tuesday (see related story on the Sports Page), Dime Box twice on Friday to make up for one of the matches postponed to COVID-19 quarantine and Burton on Saturday to make up a postponed match.

In Friday's first match, Snook beat the Lady Longhorns 25-27, 25-13, 25-8.

Senior Riley Green led the Lady Jays offensively with seven kills and nine aces.

Jaivan Stringfellow also had a good game offensively with seven kills and an ace.

Jalee Baumann was the aces leader with 10.

THE YEGUA DEFENSE moves in for this tackle against Iola.

JEREMIAH TEAGUE BREAKS away for another run against Iola.

SOMERVILLE'S VERKOBE WOODBERRY makes this acrobatic catch in the end zone against Iola. -- Tribune photo by Roy Sanders

game. "Just to continue fighting and playing this well even with the adversity shows how far our program has come in a short time and that we believe we can break through," he said.

And the Yeguas, still looking for their first win, clearly have some impact players.

Regarding Woodberry, Neatherlin said it is really no surprise to the staff or players that he played that well.

"Kobe has been huge all year and seems to always deliver a big play when we need him," Neatherlin said.

And Teague's determined running style makes him a difference maker in any game.

"Teague made a super back cut that almost took it to the house but was caught and pushed out around the 10 yard line," he said. "That ex-

ceptional run gave us life and one more chance to throw it in the end zone and win the game."

Despite the loss, Somerville finished with 464 total yards, 194 rushing and 270 passing, compared to Iola's 305.

Legg finished 16-31 in passing for 246 yards and two TDs and had 11 carries for 64 yards.

Woodberry finished with nine catches for 111 yards.

Neatherlin commended the whole offense for a great night and added that offensive lineman Cullen Sablatura had the best grade of the game. In addition to Woodberry, Teague and Legg's offensive contributions, Rivera-Espinoza had a great defensive game with three solo and 11 assisted tackles and one interception.

"Defensively, we will have to meet their physicality and shut down the running game that was so potent last week," he said.

To win, Somerville must protect the football and keep making explosive plays on offense, he said.

"The race gets no easier for Somerville. This Friday, the

YEGUAS

FROM PAGE 1B

It was a night for heroics from Woodberry -- and the entire Yegua squad.

Woodberry had already caught the tying touchdown on a 32-yard pass from Legg with 3:14 left and then caught another pass from Legg to tie it at 36-36.

And Teague, again smashing through defenders, had another great offensive night with 127 yards on 20 carries with two TDs, while adding two catches for 50 yards.

The difference might have been the very beginning, when the Yeguas fumbled away two onside kicks and gave the Bulldogs three possessions and a 12-0 lead before Somerville's offense ever got the ball.

It was a frustrating start, but the Yeguas seemed to shake it off.

Still in the first quarter, Somerville's Oscar Rivera-Espinoza came up with an interception that gave the Yeguas some hope. Legg then passed to Woodberry for a 37-yard TD to make it 12-7.

Moments later, Legg scored on a two-yard run to make it 14-12 Somerville with 1:14 left in the first.

Even after the Bulldogs responded in the second quarter on a 15-yard scoring run by Chad Guidry for a 20-14 half-time lead, Somerville was still very much alive.

After the Yeguas responded with a six-yard Teague run to retake the lead at 21-20, Iola seemed to take control for good.

Iola quarterback Brian Crosby hurled a 58-yard TD pass to Case Creamer and a 75-yard scoring strike to Cale Gould for a 36-21 lead.

Legg responded with a gutsy run for a first down on the Yeguas next possession, and a horse collar tackle call on Iola drew a 15-yard penalty. Teague then added a 14-yard scoring run, running right through Iola defenders and scoring to

cut the margin to 36-28.

Somerville Head Coach Cal Neatherlin said he and his staff were "tremendously proud of our kids and how hard they fought."

"The game couldn't have started off any worse than Iola scoring quickly and then recovering two consecutive onside attempts to have three possessions before we even had the ball on offense," he said. "However, our boys never waivered, and no matter the score or how bleak the situation looked, our kids fought to the end and had a chance to win."

Though no proponent of moral victories, Neatherlin and his staff knew there were some positive takeaways from the

Regarding that chaotic beginning, Neatherlin said the Yeguas clearly need to start better.

"We preached it all week, but we had to let Iola hit us in the mouth to get going," he said. "The missed tackle and muffed pooch really hurt us and allowed Iola to go up 12-0 with less than a few minutes having gone by."

It was the third straight heartbreaking game that came down to the last play.

Though no proponent of moral victories, Neatherlin and his staff knew there were some positive takeaways from the

CALDWELL HOSTED the Caldwell CC Meet on Saturday, Oct. 3, finishing fourth in the section one boys varsity division.

CALDWELL GIRLS varsity finished third in the section one girls varsity division at the Caldwell CC Meet on Saturday, Oct. 3.

Hornets look to bounce back against Rockdale

The Caldwell Hornets will face Rockdale this Friday at home in a critical district test.

The Hornets, 2-3 after three consecutive losses, will get a chance to turn their season around against a quality opponent with a potent offense.

Rockdale, shaking off three straight losses, bounced back for a 42-9 win over Cameron last week to even their record at 3-3 and 1-1 in district play.

Caldwell got a bye last week after a 54-27 road loss to Cameron on Sept. 25.

Caldwell Head Coach Matt Langley said the Tigers have strong skill positions players.

"Their running back already holds the school record for all-time rushing. He is a big-play threat every time he

touches the ball," Langley said. "They have a wide receiver that is a very special athlete with elite quickness and play-making ability."

In addition, the Tigers quarterback is a major dual threat along with their other skill position players, he said.

Defensively, they attack the ball and create turnovers, Langley said.

The Hornets have been working hard during the bye week to fine tune their game.

"Our offense has been focused on ball security and timing to eliminate some big mistakes, and defensively we have been focused on alignment/tackling," he said.

The bulk of Caldwell's team goals are still there -- qualifying for post-season, winning a

district championship and winning a playoff game are always going to be the Hornets' goals, he said.

"Starting off district with a loss isn't where you would rather be, but we have five district games ahead, and we will focus daily on improving one rep and one day at a time," he said.

And a victory would be huge, he said.

"Although there have been several areas that we see plenty of growth from early in the season, we don't aim for moral victories. We want those results to end up in wins," he said.

"We have a great group of kids that are fun to coach and look forward to seeing them compete with a very talented Rockdale team this Friday."

Caldwell and Somerville run in Caldwell XC meet

The Caldwell Cross Country Meet was hosted in Caldwell on Saturday, Oct. 3, with varsity races broken into two sections to promote social distancing.

The Lady Hornets placed third in the section one varsity girl race with 105 points.

Head Cross Country Coach Laton Giese said the team was not pleased with the overall performance at the meet.

"We lost to a district opponent and need to improve before district. We are working really hard and will continue to get better," Giese said.

Katy Jordan High School came in first in the section one girls varsity division with 25 points, and Cameron came in second with 96 points.

Morgan Becka was the top runner for the Caldwell varsity girls in 12th place with 12:51.

Sierra Flemings of Cameron was first with 11:21, Addison Sutton and Beatriz Laepple of Katy-Jordan were second and third with 11:27 and 11:58.

Other runners for Caldwell included: Daisha Denson, 13th, 13:04; Kelly Urbanovsky, 19th, 13:37; Caitlyn Faust, 30th, 14:10; Ryan Ferguson, 31st, 14:11.

Somerville varsity girls competed in section two of the race with Ra'Maya Carter as the

top runner in second with 13:55.

Emma Jurecka of Fayetteville won first with 13:40 and Somerville's Destiny Vela was second with 14:06.

Jazmine Jackson also ran for Somerville and came in seventh with 16:06.

The Caldwell Varsity boys placed fourth in the section one team standings with 110 points.

"We are very pleased with how the boys teams ran at the meet this weekend. The boys keep improving and getting better... We just need to keep gaining ground on district foes," Giese said.

Katy Jordan won first with 47 points, Rockdale came in second with 52 points and Giddings was third with 79.

Adolfo Gaucin was the top runner for the Caldwell varsity boys, placing fifth with 18:08.

Kayden Bloodworth of Giddings won first with 17:21, Jesus Bocaregra of Rockdale was second with 17:55 and Jacob Wyman of Katy Jordan was third with 17:56.

Other Caldwell Varsity boy runners included: Nolan Mott, 16th, 18:38; Jack McClosky, 17th, 18:39; Will McDonald, 21st, 18:50; Juan Lazo, 32nd, 19:29; Blane Garza, 38th, 20:06; Nathan Scott, 43rd, 20:50; Luke McClosky, 48th, 22:10.

Javen Henderson was the sole Somerville boys

varsity runner in section two and came in 21st with 26:38.

Fayetteville runners took the top three spots with Fenus in first with 19:15, Smith in second with 19:43 and Supak in third with 21:11.

Caldwell junior varsity girls competed in the JV race with Kaitlyn Hargraves as the top Caldwell runner in third with 13:59.

Giese said junior varsity teams have suffered the most due to COVID-19 precautions.

"Many small schools are their JV teams at home. This is why junior high meets are now being ran during the week. It is something we have to deal with during this time period," Giese said.

Sofia Pareja of Katy-Jordan won first with 13:18 and Lean of Giddings was second with 13:35.

Cadie Coston also ran for Caldwell girls junior varsity placing sixth with 14:57.

Colt Hart was the top runner for Caldwell boys junior varsity in 12th with 22:34.

Eric of Giddings was first with 20:16, Tyler of Katy-Jordan was second with 20:18 and Bookland of Giddings was third with 20:29.

Grant McManus placed 16th for Caldwell with 23:03 and Cooper Odenbach was 18th with 24:27.

NOTICE OF REQUIREMENT TO COMPLY WITH THE SUBDIVISION AND SERVICE EXTENSION POLICY OF SOUTHWEST MILAM WATER SUPPLY CORPORATION

Pursuant to Chapter 13.2502 of the Texas Water Code, Southwest Milam Water Supply Corporation hereby gives notice that any person who subdivides land by dividing any lot, tract, or parcel of land within the service area of Southwest Milam Water Supply Corporation Certificate of Convenience and Necessity No. 10027 in Milam, Burleson, Lee, and Williamson Counties into two or more lots or sites for the purpose of sale or development, whether immediate or future, including re-subdivision of land for which a plat has been filed and recorded, or a request for more than two water connections on a single contiguous tract of land must comply with Section F: Non- Standard Service Requirements (the "Subdivision Policy") contained in Southwest Milam Water Supply Corporation's tariff.

Southwest Milam Water Supply Corporation is not required to extend retail water service to a service applicant in a subdivision where the developer of the subdivision has failed to comply with the Subdivision Policy.

Applicable elements of the Subdivision include:

Evaluation by Southwest Milam Water Supply Corporation of the impact a proposed subdivision service extension will make on Southwest Milam Water Supply Corporation's system and payment of the costs for this evaluation.

Payment of reasonable costs or fees by the developer for providing water service capacity.

Forfeiture of reserved water supply capacity for failure to pay applicable fees.

Payment of costs on any improvements to Southwest Milam Water Supply Corporation's system that is necessary to provide the water service.

Construction according to design approved by Southwest Milam Water Supply Corporation and dedication by the developer of water facilities within the subdivision following inspection.

Southwest Milam Water Supply Corporation's tariff and a map showing Southwest Milam Water Supply Corporation's service area may be reviewed at Southwest Milam Water Supply Corporation's office at 706 East Cameron Avenue, Rockdale, Texas; the tariff/policy and service area map are recorded at the Public Utility Commission of Texas in Austin, Texas and may be reviewed by contacting the PUC, c/o Central Records, 1701 N Congress/PO Box 13326, Austin, Texas 78711.

National 4-H Week Observed

Snook 4-H Club

The Snook 4-H Club is ready to kick-off the 2020-2021 4-H year. Throughout the year Snook 4-H Members participate in a variety of animal projects from beef, swine, poultry, rabbits and goats/lambs. Members also enjoy actively participating in Foods and Nutrition project activities, Share the Fun and Public Speaking. In the past year, Snook 4-H has organized an active Robotics team which meets monthly. Snook 4-H members participate in a large number of community service projects throughout the year from School Supply Drives, Canned Food Drives, cleaning and beautification of the Snook City Markers, Angel Tree Christmas Project, to raising money at Bake Sales to provide gift cards to less fortunate families during the holidays. Giving back to others is important! Snook 4-H welcomes all interested youth to our monthly meetings (2nd Monday of every month).

For more information, please contact the Club Manager (John See) or Assistant Club Managers (Hannah Kovar or Rebekah Hruska). Officers for the upcoming year are:

President - Kyleigh Hruska
 1st Vice-President - Riley Green
 2nd Vice-President - Konnor Eldridge
 Secretary - Caleb See
 Treasurer - William See
 Sergeant-At-Arms - Jalee Baumann

Somerville 4-H Club

Somerville 4-H meets on the second Sunday of each month. We meet at 7:00 p.m. at First Lutheran Church in Somerville. Our club has grown from a small group of 6-8 kids to one of our largest group of 4-Hers to date! We are now a club of 20 members ranging from 3rd-grade to 12th-grade. Somerville 4-H is doing great things and we hope for more involvement each year. One of the largest community events that we participate in is the annual Citywide Cleanup. We have had the largest group in attendance for several years now. Our club usually wins the "Scavenger Hunt" also coordinated with this event and we have won parties from Pizza Hut and Dairy Queen! We also participate in canned food drives and donate the canned goods to our local SAAM (Somerville Area Assistance Ministries) group. We also acknowledge our local Senior Citizens Center by

sending holiday cards each year. All of our members participate in the Burleson County Fair by showing their animal projects, entering crafts or photos in the Creative Living Department as well as entering cakes or pies in the Baked Goods Category. Come out and join us if you're looking for a local 4-H club. Hope to see you soon!

Lady Hornets fall to Number 2 Lexington

Lady Eagles win battle of district unbeatens

The Lady Hornets suffered their first loss in District 19-3A this past week at home against Number 2 Lexington 7-25, 29-27, 24-26, 19-25.

Being that the Lady Eagles were also undefeated in district and had only suffered one

loss during the entire season, Caldwell coach Jane Anne Giese knew the match would be competitive.

She said, "Lexington was at the state tournament last season and is extremely talented. They jumped on us early and completely

dominated the first set."

"I was extremely proud of the way we bounced back in the second set. There was determination and intensity. We fought for each point."

"We battled again in the third and fourth sets, but just couldn't hang on," she said.

"We expect to learn from the loss and let it drive us for the future," Giese said.

Junior Kadie Hartman was the kills leader for Caldwell with 11.

Defensive leaders for the Lady Hornets were Delayni Drgac with 21 digs and Elizabeth See with six blocks.

Caldwell was off last Friday, and Giese said, "It was much needed for the girls. They have been working extremely hard in all aspects of life."

Caldwell was scheduled to host Florence on Tuesday, Oct. 6, for Parent Night.

Next, the Lady Hornets will host Rockdale on Friday with game time set for 4:30 p.m.

Snook falls behind early, defeated by Burton 36-0

The Snook Bluejays had hoped to make history with a first-ever win over Burton last Friday, but slow start and a rash of turnovers proved costly in a 36-0 road loss.

Snook (2-4 overall and now 2-1 in district) fell behind early, 24-0 in the first quarter, and never recovered.

Burton, bouncing back from a 65-7 road loss to Ganado, had a good night offensively, rolling up 316 total yards -- 287 rushing and 29 passing, and cashed in on five Bluejay turnovers. Snook lost two fumbles and threw three interceptions.

The Panthers' Carson Lauter, Tanner Gore and David DeLeon got the picks.

Cooper Lucher scored four TDs while rushing for 187 yards. Three of those scores came in the first quarter on one, four and 54-yard runs, and he added his fourth on a five-yard run that pushed the Panthers' lead to 30-0 early in the third quarter.

It was clearly a long night for Snook, who got out of their rhythm

early and could never get rolling.

Snook quarterback Garrett Lero was held to just five completions on 21 attempts for 60 yards, and the Bluejays were just 2-7 on third-down efficiency for 29 percent.

Snook Head Coach Boone Patterson said the rough start did not help.

"We started the game with a fumble on the opening kickoff and never regained the momentum," Patterson said.

The Bluejays did not respond well to adversity, turnovers and getting down 24-0 early, he said.

Snook's offense would finish with 197 total yards -- 60 passing and 137 rushing.

Lero led the team in rushing with 10 carries for 46 yards. David Davila carried four times for 38 yards, and Cameron Conerway carried four times for 25 yards.

Davila had two catches for 18 yards, and De Shun Hamilton had one for 31.

Jermaine Kearney led

the team in tackles with seven, followed by Jaxson Brisco with six, Davila and Jose Garcia with five each.

Snook, still alive in the district race, gets a bye this week before facing Somerville at home on Oct. 16 in their homecoming game.

During the bye week, Patterson said his team will work on consistent execution of offense and on stopping the run defensively.

A strong run in the final weeks would still give the Bluejays a winning season.

"At the end of the day, this is just a setback, or a wake up call," Patterson said. "We still have a chance to secure a playoff spot and even contend for the district title, but we will take it one game at a time."

INVITATION TO BID

Sealed bids addressed to Mr. James Dever, President, Beaver Creek Water Control & Improvement District No. 1 (BCWCD#1) will be received at the office of Jones & Carter, Inc., 150 Venture Drive, Suite 100, College Station, Texas, 77845, until 10:00 a.m. on Friday, October 16, 2020, when they will be publicly opened and read aloud for furnishing all plant, labor, material and equipment and performing all work required for the construction of the BCWCD#1 Contract No. 2, Water Plant Nos. 1 and 2, TWDB Project No. 10418, JIC No. B0054-0004-00. Detailed call-in information for the teleconference bid opening will be provided to all plan holders via CivCast in the Additional Notes section. It will be each bidder's responsibility to ensure they receive the call-in details prior to the bid opening.

The work includes constructing two (2) new water plants with crushed limestone access roads, yard piping, 67,000-gallon bolted steel ground storage tanks, pump station buildings, horizontal end-suction pumps, chlorination systems, hydropneumatic pressure tanks, electrical and control equipment, and chain link fencing to serve the Beaver Creek Subdivision in Burleson County, Texas.

Plans, specifications, and bidding documents are available at www.civcastusa.com.

All proposals shall be accompanied by bid guarantee equivalent to five percent (5%) of the bid price (Water Code 17.183) as a guarantee that the bidder will enter into a contract and execute performance and payment bonds within fourteen (14) days after notice of award. If a bid bond is provided, the contractor shall utilize a surety company which is authorized to do business in Texas in accordance with Surety Bonds and Related Instruments, Chapter 3503 of the Insurance Code. A certified or cashier's check on a responsible bank made payable to the Owner may be furnished. Bids without check or bid bond will not be considered. The bid security will be forfeited to the Owner by the bidder as damages as default if the bidder fails to execute and deliver a contract and bonds as required.

The successful bidder must furnish performance and payment bonds upon forms provided in the amount of one hundred percent (100%) of the contract price from a responsible surety company authorized to do business in the State of Texas and satisfactory to the BCWCD#1.

This contract is contingent upon release of funds from the Texas Water Development Board (TWDB). Any contract or contracts awarded under this Invitation to Bid is/are expected to be funded in part by a loan or grant from the TWDB. Neither the state of Texas, nor any of its departments, agencies, or employees are or will be a party to this Invitation to Bid or any resulting contract.

Any contract(s) awarded under this Invitation to Bid is/are subject to the United States Iron and Steel (U.S. I&S) requirements of Texas Water Code § 17.183 and/or Texas Government Code, Chapter 2252, Subchapter F, as amended by SB 1289, 85th Legislative Session, as applicable.

A governmental entity may not award a governmental contract to a nonresident bidder unless the nonresident underbids the lowest bid submitted by a responsible resident bidder by an amount that is not less than the amount by which a resident bidder would be required to underbid the nonresident bidder to obtain a comparable contract in the state in which the nonresident's principal place of business is located. A nonresident bidder is a Contractor whose corporate offices or principal place of business is outside of the state of Texas (Source: Texas Government Code, Chapter 2252, Subchapter A, Nonresident Bidders, §2252.002).

ATTENTION: Pursuant to Texas Government Code 2252.908, you must be able to provide BCWCD#1 with a printed, executed and notarized original of a completed Certificate of Interested Parties form (Form 1295) with the bid. Failure to do so will result in BCWCD#1's inability to execute the contract. To complete the disclosure of interested parties form, or for further information, please visit the Texas Ethics Commission's website at <https://www.ethics.state.tx.us>.

BCWCD#1 reserves the right to reject any or all bids and to waive any or all formalities in bidding. In case of ambiguity or lack of clearness in stating prices in the proposal, the BCWCD#1 reserves the right to adopt the prices written in words or to reject the proposal. Bids may be held by BCWCD#1 for a period not to exceed 90 days from the date of the bid opening for the purpose of reviewing the bids and investigating the bidders' qualifications prior to the contract award.

Bidders are expected to inspect the site of the work and to inform themselves of local conditions and carefully examine the specifications and other documents. Should a bidder find discrepancies in, or omissions from the specifications or documents, or should he question their meaning, he should at once notify Jones & Carter, Inc. and obtain clarification prior to submitting any bid.

There will be a non-mandatory pre-bid meeting held via teleconference at 2:00 p.m. on Tuesday, October 6, 2020. Detailed call-in information for the teleconference pre-bid meeting will be provided to all plan holders via CivCast in the Additional Notes section.

BY SLOAN PREUSS

WINLESS TEAMS
 -- In a battle between two of the worst teams in the NFL and neither of them with a victory going into Sunday's game, the Houston Texans found a way to lose 31-23 to the Minnesota Vikings.

Just a day after the loss that dropped Houston to an 0-4 record for the first time since 2008, they made the wise move of firing coach and general manager Bill O'Brien -- something I've been pleading for years.

Houston's NFL-worst run defense continued to struggle, giving up 162 yards. You can't win many games in high school football allowing that many yards on the ground.

"This is terrible, it's brutal," defensive end J.J. Watt said. "It's depressing. It sucks. It sucks, I don't know any other way to put it."

Pretty much summed it up. Only problem is, Watt is supposed to be the main man on the defense, so he should be taking a lot of the blame instead of just saying it's terrible.

Deshawn Watson threw for 300 yards and two touchdowns, and Will Fuller had 108 yards receiving and a touchdown before he was unable to corral the last ball thrown to him. Two more high-paid players not delivering when it mattered. Didn't help when you fall behind by several touchdowns to start the game, either.

Time to go back to the drawing board for these lousy Texans, but it might be too late to salvage this season. They will

try to win their first game against the 1-3 Jacksonville Jaguars this Sunday at 12 noon on CBS. The Texans are actually favored to win by a touchdown. I'll go with that. Hey, you have to win at some point, right? Or not?

COWBOYS LOSE --

The Dallas Cowboys fell behind by a bunch early in the game, rallied back to make it interesting, then still lost 49-38 to the Cleveland Browns on Sunday.

Dak Prescott had his first 500-yard game, throwing for 502 yards and four touchdowns while becoming the first NFL quarterback with at least 450 yards passing in three straight games. But all that doesn't really matter when your team has a 1-3 record.

I don't think Dak is the quarterback of the future with a winning mentality, and will be cut by the team at the end of this season. That's why team owner Jerry Jones didn't give Dak a long-term deal, since he wanted to see how he would lead the team this season. So far, so bad. It doesn't matter how many yards you throw for, it matters whether you win or not, and that hasn't been happening.

The Cowboys will be trying to get back on track with another home game, this time against the New York Giants this Sunday at 3:25 p.m. on CBS. The Giants haven't won a game yet, and Dallas has only won one game. Should be a real battle of sorry teams. I'll take the Cowboys by 6 points.

OVERMATCHED --

The Texas A&M

Aggies were simply overmatched, and it showed in a 52-24 loss to the 2nd-ranked Alabama Crimson Tide on Saturday.

Tide quarterback Mac Jones launched his first pass for a 78-yard touchdown, and that was most definitely a sign of things to come. Jones passed for a career-high 435 yards and four touchdowns in the easy victory.

A&M Coach Jimbo Fischer was supposed to have this thing turned around by now, but it isn't happening. After signing a \$75 million contract, Jimbo hasn't delivered. One major problem is his quarterback, Kellen Mond. If Jimbo hasn't figured out by now that he's not very good, then he should take a pay cut.

Alabama has won the last eight meetings with the Aggies and 19 straight home openers, moving to 14-0 under Coach Nick Saban, who is also 20-0 against former assistants turned head coaches like Jimbo Fisher. Saban is a heck of a coach, one that others can only strive to be like. Reminds me of the Michael Jordan commercial way back, "Be like Mike." In this way, "Be like Nick." Easier said than done.

Texas A&M hosts another Top 5 team this week as they play the No. 3 Florida Gators at 11 a.m. this Saturday on ESPN. I'm smelling an upset brewing -- Aggies pull out a 31-28 win and the crowd goes wild. Well, the few in the stands and the many forced to watch at home this year.

GOT BURNED --

There is an old song

that says if you play with the fire, you're going to get burned. There's a meaning behind it. Kind of like the Texas Longhorns playing a lot of close games and finding a way to pull them out, but they weren't so lucky this time in a 33-31 loss to the TCU Horned Frogs.

Texas ran out of comebacks. Simple as that. Painful to watch. And the 9th-ranked team in the nation came crashing back from cloud nine to earth. The Longhorns never belonged in the Top 10, since they haven't done anything to prove it.

I must say, every one of the referees who officiated this last game should be fired. There were 26 penalty flags thrown, and the refs couldn't decide which team committed the foul at times. It was a joke, and very frustrating to watch.

Texas players were stunned to walk off the field with the loss after being so close to another big escape. A week ago, they rallied late to win in overtime at Texas Tech, but not this time. Too little, too late.

I won't get into all the painful details of the loss, but there were plenty of them. Let's be more positive and move along to the next game against OU at the Cotton Bowl in Dallas this Saturday at 11 a.m. on Fox. Yes, that's regular television.

OU has also fallen on hard times, losing two of their first three games after being ranked in the Top 5 to start the season. It will be a battle of desperate teams, and I think the Sooners will get the win -- by 10 points.

2ND PRIZE - \$30

3RD PRIZE - \$20

WESTYN HUGHES MADE this plate for his mother Kelly when he was around five-years old -- dreaming of the day when he would compete at the National Finals Rodeo.

HUGHES

FROM PAGE 1B

around 5 years old. He even gave his mother Kelly a plate for Mother's Day which he decorated with him competing at the NFR.

After learning he qualified for the rodeo, Kelly posted a picture of the plate on Facebook, which she has kept all these years, with this post: "I think you were five-years old when you made this for me for Mother's Day. Since then, the color has faded a lot, but the dream never did. We are beyond proud of all of your accomplishments and your first trip to the NFR. Love you bunches and can't wait to watch and cheer you on."

Hughes said that Kelly and his father Scott were instrumental in him reaching this goal.

He said, "I started working towards this since I was five or six-years old at play days with 4-H."

"I practiced every day since I was a little kid, and my parents, grandparents and family have done a lot to support me."

"The entire town of Caldwell has been a big supporter of me."

"Not every guy who rodeos has that kind of support at home," Hughes said.

Hughes was home-schooled as a student in Caldwell so that he could work on becoming the roper he is today.

"I was home-schooled," Hughes said, "but my mom taught in the public school in Caldwell, so... Well, you didn't want her to come home and find you haven't done your school work."

He graduated in 2016, which was also the year he was named the Resistol PRCA Tie-Down Roping Rookie of the Year, finishing 25th in the world standings.

This year, Hughes won the La Fiesta De Los Vaqueros (Tucson, Ariz.), the Earl Anderson Memorial Rodeo (Grover, Colo.), the Cowtown Rodeo (Woodstown Pilesgrove, N.J.), and the Cheyenne County Pro Rodeo (Cheyenne Wells, Colo.) and was co-champion at the Rosebud Treasure County Fair Rodeo (Forsyth, Mont.).

Hughes' road to making the NFR this year was not easy. In 2018, he broke his arm which ended his rodeo season.

Then, in 2019 while Hughes was ranked 11th in the world, his back went out during a rodeo and required surgery.

He said that he had an "awesome team of doctors," so the back surgery went well.

However, this year has been a good one for Hughes where he has been able to stay away from any major injuries and "get that monkey off" his back.

He said that because he barely missed making the NFR in the previous years due to injuries he has learned "not to take things for granted" which has made his accomplishments this year "much sweeter."

Hughes can't remember when he didn't want to "rodeo."

"It's all I know," he said.

He said that one of his earliest memories was riding a sheep at the Caldwell rodeo arena before it was even a covered arena.

"Me, Dad and both my grandpas were there."

"My Dad's dad passed away a few years ago, but he was there when I rode that sheep."

"He supported me during all my rodeos while he was here."

"He's watching me from Heaven."

"I'm glad to get it done for him," Hughes said.

Hughes hopes to en-

courage any young cowboy or cowgirl to never give up on their dreams.

"In any sport, there's going to be tough times. It's easy when things are going good," he said.

"But, the winners are those who are going to make their way through those times."

Hughes said that what makes it mentally difficult for rodeo athletes is the down time between rodeos.

"Those 15-plus hours in the truck, driving from one rodeo to another gives you a lot of time to either dwell on the bad or think about how it can get better."

"You have to keep a positive attitude," he said.

Cowboys are valiant and daring. True cowboys stand for something -- they live by values of honor, loyalty and courage.

BattleGround TV, a station for "tough guys," states that the ten attributes of a cowboy are:

* Live today with courage.

* Work hard with what has been placed in your hands.

* Finish what you start.

* Do what has to be done.

* Be rough and tough, but just and evenhanded.

* Keep your promises.

* Respect the boss.

* Have a positive winning attitude when life gets hard.

* Speak with action more than words.

* Live with humility and faith.

Hughes embodies these attributes by talking about his accomplishment in a sort of "awww shucks" but very polite conversation, laced with "yes, ma'am" and an occasional "no, ma'am."

And, even when he begins accepting a little praise for his accomplishments, he responds with, "I'm just proud to represent Caldwell."

"But most of all, I really want to thank God for the opportunity He's given me. I am very blessed," Hughes said.

The NFR will be Dec. 3-12 at Globe Life Field in Arlington.
