Hays County terminates contract with Austin Pets Alive!

Shannon West
San Marcos Daily Record

In a four to one vote, the Hays County Commissioners decided on Mar. 25 to terminate the county's

contract with Austin Pets Alive! related to the Hays County Pet Resource, Education and Research Center. The vote also established a contract to plan and ultimately build a physical Pet

Resource Center in addition to the online resources that were previously under the APA! contract. This led to a community outpouring for public comment both in support of APA! in

maintaining the contract and with requests that more funding go to local animal service organizations for these services instead. In public comment, Prevent a Litter of Central Texas pointed

to all of the animal welfare programs they are already performing in the community as a reason that funds might be better spent with Hays County-

Skeet tournament raises funds for classrooms

The parking lot at Hog Heaven Sporting Club was full of big pickup trucks, and a fleet of golf carts and mules surrounded the patio where lunch was being served. A crowd of people, mostly men, talked around their tables while waiting to hear the results of the morning's skeet shooting round. But these participants weren't there just for the thrill of hitting fast-flying clay targets. They entered the tournament for a cause that hit closer to home: supporting Dripping Springs schools. "This is our fourth year to do the skeet shoot for the Education Foundation," event

Dripping Springs alum Ryan Taddia and his wife, Brooke Taddia, spot the clay pigeon.

Event chair and DSEF board member Brent Howell prepares to announce the winners for the morning flight.

Volunteers needed for Home-in-a-Month

Laurie Anderson
Interim Editor

Hometown Missions started its next Home-in-a-Month project on Saturday, Apr. 5 with demolition of the 56-year-old manufactured home of Connie and Denis McGovern. The couple have lived in the house on Harmon Hills Road for decades, but problems with collapsing floors, out-of-date electrical systems and a leaking roof meant it was time to say goodbye. A crew of volunteers and local contractors will be building them a brand new house on the site over the next month. The goal is to have the 2-bedroom,

1.5 bath house move-in ready by the third week of May. But making that happen takes a lot of helping hands, so Hometown Mis-

sions is seeking volunteers to assist with the project. They have a need for skilled and unskilled volunteers in April and

in May. Minors should be over the age of 16 to participate in construction tasks. Other ages can be considered depending on the tasks

and safety needed for that volunteer day. "To every volunteer who has ever swung a hammer, shared a story, or simply showed up—you are the heartbeat of Hometown Missions," said David Edwards, President, Hometown Missions Board of Directors. "Together, we're not just building homes; we're building a community." Painting tools will be provided by Hometown Missions, but volunteers are encouraged to bring their own basic construction tools if they have them. Donations of money and supplies are also welcome. Appeals court: TEA can release A-F school ratings

Gary Borders
Texas Press Association

A judge with the Fifth Circuit Court of Appeals ruled last week that the Texas Education Agency can release its 2023 A-F school accountability ratings, the Houston Chronicle reported.

The ruling overturned a district judge's injunction after more than 120 school districts sued to stop TEA from releasing the ratings. Those districts argued that the agency did not provide enough advance notice about changes to the formula used to calculate the rating.

The A-F ratings assigned to each district and campus are based on standardized test performance, though the COVID-19 pandemic slowed the process. The appeals court ruled that TEA Commissioner Mike Morath had the authority to postpone their issuance or to change the standards after the 2022-2023 school year was over.

"We agree that after a race is over not everyone can be declared the winner," the court's opinion read. "But it is not our role as judges

to decide whether the Commissioner's decisions were necessary or fair. The Districts' burden ... was to show the Commissioner acted 'without legal authority,' not that he should have exercised his discretion another way."

DUELING PROPERTY TAX PROPOSALS COMPARED

The Texas House and Senate have agreed to spend at least \$6 billion to cut property taxes but are taking different approaches, The Texas Tribune reported. The most significant difference that must be reconciled is whether businesses or homeowners get the larger tax break.

The House measure gives more relief to businesses. It would exempt up to \$250,000 of business inventory from all property taxes, up from \$2,500. House Speaker Dustin Burrows, R-Lubbock, backs the bill.

"Raising the personal property tax exemption ... would be a monumental win for Texas businesses, freeing up funds for business owners to reinvest in the growth of their companies on top of the potential savings provided by buying down property tax rates for all property owners statewide," Burrows said in February.

The Senate version focuses on bigger tax

breaks for homeowners, largely by raising the homestead exemption once again, this time from \$100,000 to \$140,000.

"I have made increasing the homestead exemption my mission because it is the best way to deliver meaningful property tax reductions for homeowners," Lt. Gov. Dan Patrick, who leads the Senate, said in February. That bill passed unanimously in February. It contains an increase in personal property tax exemption from \$2,500 to \$25,000 – much lower than the House version.

PAXTON CLEARED BY DOJ, ATTACKS CORNYN

Texas Attorney General Ken Paxton is no longer being investigated by the U.S. Justice Department, which quietly declined to prosecute him in the final weeks of the Biden presidency, The Dallas Morning News reported.

Paxton took the opportunity to get a dig in at U.S. Sen. John Cornyn, whom he may challenge in next year's GOP primary. Cornyn, in an online exchange in 2024 while the investigation was ongoing, told Paxton it would be "hard to run from prison."

Last week, Paxton replied.

"This former TX Supreme Court Justice

and TX Attorney General ignored the rule of law, the Constitution, and innocent until proven guilty while standing with the corrupt Biden DOJ cheering on the bogus witch hunts against both me and President Trump," Paxton wrote on X. "Care to comment now, John?"

Cornyn retorted that Paxton has agreed not to contest a civil suit filed by whistleblowers' suit, which seeks millions in damages.

"Is this the same person that had a \$6.6 million judgment entered in Travis County based on the whistleblower complaints, and he didn't contest any of the allegations? I'm confused," Cornyn wrote.

MEASLES OUTBREAK NOW AT 481 CASES

The outbreak of measles cases in the South Plains and Panhandle regions of Texas has jumped to 481, according to the Texas Department of State Health Services. Fifty-six people have been hospitalized and one fatality recorded, in an unvaccinated school-age child. DSHS says more cases are likely given the highly contagious nature of measles. Most of the cases are in Gaines County, on the New Mexico border. That state has reported 54 cases as of Friday, while 10 have been reported in Oklahoma.

Texas has reported more measles cases in 2025 than in any full year since 1992, according to The News.

BILL ENACTS NEW REGULATIONS ON LARGE ELECTRICITY USERS

A bill passed unanimously in the Senate and now pending in the House would enact new regulations on data centers and other major electricity users, the Chronicle reported.

The bill's primary goal is to prevent a repeat of the deadly outages in February 2021 during Winter Storm Uri. It directs state regulators to figure out how to protect everyday residents and small businesses from huge rate hikes during weather emergencies, which is what happened to some users in 2021.

The growth of artificial intelligence is one factor in the boom in power demand. For example, Open AI's first Stargate project being built in Abilene would require 1.2 gigawatts of electricity – enough to power a million homes for a year.

"It's not an oil boom. It's an economic boom led by big technology and their corresponding need for big electricity," state Sen. Charles Schwertner, R-Georgetown, said on the Senate floor.

CAMPAIGN AGAINST DISTRACTED DRIVING UNDERWAY

The Texas Department of Transportation has launched a new campaign to combat accidents caused by distracted driving. The Talk. Text. Crash. campaign is aimed to remind Texans that when driving, nothing matters more than the road ahead.

"Everyone knows they should focus while driving, but too many people still take their eyes off the road to check a text, fiddle with their dashboard or grab a bite to eat," TxDOT Executive Director Marc Williams said. "We want to make it clear: no text or call is worth a life."

Last year, distracted driving contributed to more than 91,000 crashes in the state and more than 370 deaths, according to TxDOT.

Correction: The headline over last week's story about the state's measles headline contained the incorrect total number. The number of cases reported inside the story – then at 400 – was correct. We regret the error.

Further, the Board hereby authorizes the President of the Board to appoint any such other officials not designated herein or appointed pursuant to the Election Agreements as are necessary and appropriate to conduct the Election in accordance with the Code.

Section 10 Notice of Election. Notice of the Election shall be given by: (i) publishing a substantial copy of this Order, in English and Spanish, one time not earlier than the thirtieth (30th) day nor later than the tenth (10th) day prior to the date set for the Election, in a newspaper published in the District (or that otherwise complies with applicable law), (ii) posting a copy of this Order and the Voter Information Documents (as hereinafter defined), in English and Spanish,

Section 11 Conduct of Election. The Election shall be held in accordance with the Code, except as modified by the Texas Education Code, the Texas Government Code, and the Voting Rights Act, including particularly Chapter 272 of the Code pertaining to bilingual requirements.

Section 12 Information Required by Section 3.009 of the Election Code.

(a) District's Outstanding Debt. As of the date of this Order, the District's aggregate principal amount of outstanding tax-supported debt was \$319,145,000.00 and the aggregate amount of outstanding interest on such tax-supported debt was \$198,827,722.56. As of the date of this Order, the District's total ad valorem tax rate is \$1.1052 per \$100 of assessed valuation, which is made up of a maintenance and operations tax rate of \$0.7552 per \$100 of assessed valuation and a debt service tax rate of \$0.3500 per \$100 of assessed valuation of taxable property in the District.

(b) Issuance of New Debt. The District intends to issue the bonds authorized by the Propositions in a manner and in accordance with a schedule to be determined by the Board based upon a number of factors, including, but not limited to, the then current needs of the District, demographic changes, prevailing market conditions, assessed valuations of property in the District, the use of variable rate debt and management of the District's short-term and long-term interest rate exposure. Market conditions, demographics and assessed valuations of property vary based upon a number of factors beyond the District's control, and the use of variable rate debt involves periodic adjustments in interest rates that vary based on market conditions and contractual obligations. Therefore, the District cannot and does not guarantee a particular interest rate or tax rate associated with the bonds authorized by the Propositions. As such, the information contained in this paragraph is provided solely for illustrative purposes and does not establish any limitations or restrictions or create a contract with the voters. The District estimates that, based on the District's current taxable assessed valuation, current market conditions as of the date of this Order, and estimated future growth in the District's taxable assessed

valuation, if the Propositions are approved and all of the bonds authorized by the Propositions are issued in accordance with the District's current projected plan of finance, the maximum interest rate on the bonds is not expected to exceed 5.00%.

(c) Additional Information Required by Section 3.009 of the Code. The additional information required by Section 3.009 of the Code is located in Sections 2 and 3 of this Order.

Section 13 Voter Information Documents The Board hereby approves the voter information documents (collectively, the "Voter Information Documents"), in substantially the forms presented to the Board, with such changes as may be approved by the President of the Board, the Superintendent of the District, or their designee, acting on behalf of the Board, in consultation with the District's general counsel, bond counsel, and financial advisor, as prescribed by Section 1251.052(b), Texas Government Code.

The President of the Board, the Superintendent of the District, or their designee, acting on behalf of the Board, is further authorized and directed to post or provide for the posting of the Voter Information Documents in the manner provided under Section 10 of this Order, and additionally on the District's website in an easily accessible manner beginning not later than the twenty-first (21st) day before the date set for the Election and ending on the day after Election Day.

Section 14 Findings and Determinations. The Board finds and determines that the facilities and equipment to be acquired, constructed, renovated or equipped pursuant to Proposition A are predominately for required classroom instruction and essential administrative operations for faculty and staff, stadiums with seating capacity for 1,000 or fewer spectators, gymnasiums, playgrounds or play areas, school buses, equipment used for school security purposes, and/or technology infrastructure integral to the construction of a facility.

Section 15 Necessary Actions. The President of the Board or the Superintendent or such person's designee, acting on behalf of the Board, in consultation with the District's attorney and bond counsel is hereby authorized and directed to take any and all actions necessary to comply with the provisions of the Code and the Voting Rights Act in carrying out and conducting the Election, whether or not expressly authorized herein, including making changes or additions to polling places or procedures to the extent required or desirable as determined by the Election Administrators or as may become necessary due to circumstances arising after the date of this Order.

Section 16 Severability. If any provision, section, subsection, sentence, clause or phrase of this Order, or the application of same to any person or set of circumstances is for any reason held to be unconstitutional, void, invalid, or unenforceable, neither the remaining portions of this Order nor their application to other persons or sets of circumstances shall be affected thereby, it being the intent of the Board in adopting this Order that no portion hereof or provision or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness, invalidity or unenforceability of any other portion hereof, and all provisions of this Order are declared to be severable for that purpose.

Section 17 Effective Date. This Order shall take effect immediately upon its approval.

Puede encontrar el sitio web del Distrito en https://www.dsisdtx.us.

Sección 12 Información requerida por el Artículo 3.009 del Código Electoral.

(a)Deuda pendiente del Distrito. A la fecha de la presente Orden, el importe total del capital pendiente de pago de la deuda respaldada por impuestos del Distrito era de \$319,145,000.00, y el importe total de intereses pendientes sobre dicha deuda respaldada por impuestos era de \$198,827,722.56. A la fecha de la presente Orden, la tasa de impuestos ad valorem del distrito es de \$1.1052 por cada \$100 de tasación oficial, que se compone de una tasa de impuesto de mantenimiento y operaciones de \$0.7552 por cada \$100 de tasación oficial y una tasa de impuesto al servicio de la deuda de \$0.3500 por cada \$100 de tasación oficial de bienes gravables en el Distrito.

(b)Emisión de deuda nueva. El Distrito tiene la intención de emitir los bonos autorizados por las Propuestas de cierta forma y de conformidad con un cronograma que será determinado por el Consejo con base en varios factores, incluidos, entre otros, las necesidades actuales del Distrito, los cambios demográficos, las condiciones predominantes del mercado, las tasas oficiales de propiedades en el Distrito y el uso de la deuda y gestión de tasas variables de la exposición a la tasa de interés a corto y largo plazo del Distrito. Las condiciones del mercado, la demografía y las tasaciones oficiales de los inmuebles varían según una serie de factores más allá del control del Distrito, y el uso de la deuda a tipo de interés variable conlleva ajustes periódicos en las tasas de interés que varían según las condiciones del mercado y las obligaciones contractuales. Por lo tanto, el Distrito no puede garantizar y no garantiza una tasa de interés o tasa impositiva particular asociada a los bonos autorizados por las Propuestas. Conforme a lo precedente, la información contenida en este párrafo se proporciona únicamente con fines ilustrativos y no establece ninguna limitación o restricción ni crea ningún contrato con los votantes. El Distrito estima que, con base en la actual tasación oficial imponible del Distrito, las condiciones actuales del mercado, a partir de la fecha de esta Orden, y el crecimiento futuro estimado en la tasación

oficial imponible del Distrito, si las Propuestas se aprueban y todos los bonos autorizados por las Propuestas se emiten de acuerdo con el actual plan de financiamiento del proyecto del Distrito, se espera que la máxima tasa de interés de los bonos no exceda el 5.00%.

(c)Información adicional requerida por el Artículo 3.009 del Código. La información adicional requerida por el Artículo 3.009 del Código se encuentra en los Artículos 2 y 3 de esta Orden.

Sección 13 Documentos de Información para el Votante. Por medio del presente documento, el Consejo aprueba los documentos de información para el votante (en conjunto, los "Documentos de Información para el Votante"), sustancialmente en las formas presentadas ante el Consejo con los cambios que sean aprobados por el Presidente del Consejo, el Superintendente del Distrito, o las personas que ellos designen, quienes actúan en nombre del Consejo, en consulta con el abogado del Distrito, el asesor en materia de bonos y el asesor financiero, según lo establecido en el Artículo 1251.052(b) del Código de Gobierno de Texas.

Se autoriza (y se ordena) al Presidente del Consejo, al Superintendente del Distrito, o a las personas que ellos designen, quienes actúan en nombre del Consejo, a publicar los Documentos de Información para el Votante o a encargarse de su publicación, en la manera dispuesta conforme al Artículo 10 de esta Orden, y adicionalmente en el sitio web del Distrito de una manera fácilmente accesible, comenzando a más tardar el vigésimo primer (21.er) día antes de la fecha estipulada para la Elección, y finalizando el día después del Día de la Elección.

Sección 14 Conclusiones y determinaciones. El Consejo concluye y determina que las instalaciones y los equipos que serán adquiridos, construidos, renovados o equipados de conformidad con la Propuesta A son predominantemente para la instrucción en el aula requerida y las operaciones administrativas esenciales para el profesorado y el personal, los estadios con aforo para 1,000 espectadores o menos, los gimnasios, los patios o las áreas de juego, los autobuses escolares, los equipos utilizados para fines de seguridad escolar, y/o la infraestructura tecnológica integral para la construcción de una instalación.

Sección 15 Acciones necesarias. Por medio del presente documento, se autoriza (y se ordena) al Presidente del Consejo, al Superintendente o a las personas designadas por los mismos, actuando en nombre del Consejo, en consulta con el abogado del Distrito y el asesor en materia de bonos, a realizar todas las acciones que sean necesarias para cumplir con las disposiciones del Código y de la Ley de Derecho al Voto para llevar a cabo la Elección, ya sea que se encuentren o no autorizadas expresamente en el presente documento, lo que incluye realizar cambios o adiciones a los lugares o procedimientos de votación con el alcance requerido o deseable, según lo determinen las Administradoras de Elecciones, o que pudieran hacerse necesarios en virtud de las circunstancias que surjan posteriormente a la fecha de esta Orden.

Sección 16 Divisibilidad. Si alguna disposición, artículo, inciso, oración, cláusula o frase de esta Orden, o su aplicación respecto de cualquier persona o conjunto de circunstancias, por cualquier motivo, fuera declarada inconstitucional, nula, inválida o no exigible, ni las partes restantes de esta Orden ni su aplicación a otras personas o conjunto de circunstancias deberán verse afectadas por tal medida, ya que es la intención del Consejo, al adoptar esta Orden, que ninguna de sus partes, disposiciones o reglamentaciones se vuelvan inoperantes o pierdan vigor con motivo de cualquier inconstitucionalidad, nulidad, invalidez o inaplicabilidad de cualquiera de sus partes. A tal fin, se declara que todas las disposiciones de esta Orden son divisibles.

Lady Tigers one away from title

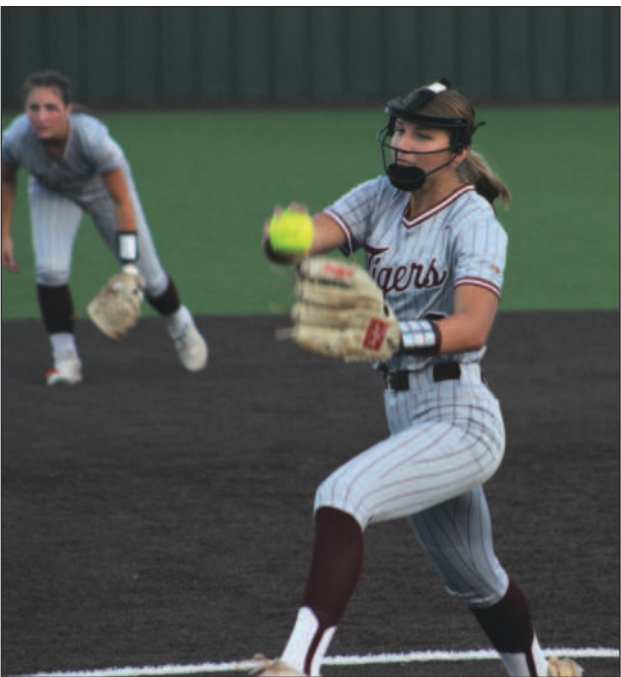

Carl Waits
Sports Reporter

The Dripping Springs softball team keeps winning their games in a whatever-it-takes mode. Last week right on cue they went for the long ball to blast an 11-1 victory over winless Austin High and then squeezed out a 2-1 win over Bowie. That leaves the Lady Tigers tied with Lake Travis at one loss each. This

past Tuesday, the Lady Tigers made the trip over to LT to settle the issue. DS will take a 19-6-1 record into the battle. The first game was 2-1. Nevertheless, they will not have to face each other in the playoffs. Dripping Springs found the Austin High pitching good batting practice. Of their ten hits, four would be homeruns and a double. Austin finally scratched out their run in the bot-

tom of the seventh. Lorelei Gamble had the biggest night with three homeruns and 8 rbis. Sadie Bradford added a homerun and double. Others adding to the hit total were Emma Phillips 2, Tatum Green 2 and Lauren Byrnes. The pitching game has been strong with complete games being common. Bradford tossed the six innings, giving up 6H, 1R, walking 5 and striking out three.

Bowie was responsible for the Lady Tigers lone loss, so it was important. The last game was a 10-6 decision. Gamble staked DS to a 1-0 lead in the third with a homerun. Bowie would tie it in the fourth. In the sixth, Green would give herself the win when her second hit drove in McKenna Riley. Phillips had the other hit. Green took the mound for seven, giving up five hits and walked one.

District track propels DSHS athletes towards state meet

Carl Waits
Sports Reporter

The beginning to the end of track season began with the district track meet on April 2,3. As with the other sports in this district, Dripping Springs fights a strong headwind for success in the form of Lake Travis and Westlake. Track is more for individual success than team with DS having individuals that can negotiate the steps and end up at the state track meet. Next in line is the Area meet consisting of the top four finishers of each event competing against District 25's four finishers. The top four from that meet move on to regional with top two qualifiers

going to state. Another great story is freshman Isabel Crew. She is a wheelchair athlete that has already qualified for the state meet in the 100, 400 and shot put. Even so she will continue to compete at the area and regional meets for the experience.
